GARDEN SEEDS

*Bulbs - Plants - Shrubs
Supplies*

ARCADIA LODGE

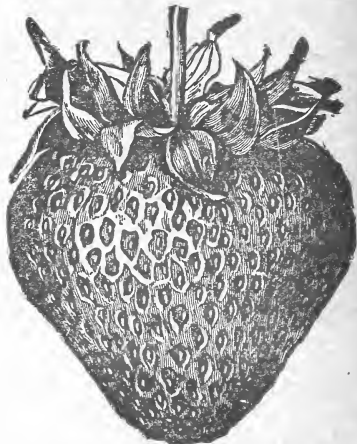

The above illustration shows our Wholesale and Retail Show-rooms at Arcadia Lodge, Greens Farms District of the Town of Westport, Conn. Situated on the Boston Post Road, one mile east of Westport. It is one of the show places of the Boston Turnpike.

THE GREEN'S FARMS SEED CO.
WESTPORT, CONN.

New Hybridized Everbearing Strawberries

Everbearing Strawberries are easily grown from seed, and we know you will be pleased and delighted if you try growing a few in this way. Our seed was all saved from choice plants, of the leading everbearing varieties, and by planting a packet you should get an endless variety of new kinds that will bear fruit continuously spring, summer and fall. Strawberries grown from seed don't always come exactly like the parent plant, which makes it all the more interesting to grow them in this way. You may get some new varieties that will make you a fortune. All the leading new varieties are seedlings, and were secured in just this way. You are just as liable to get a valuable new variety as anyone. If you don't you are sure to get a fine assortment, worth many times the price of the seed. A packet of seed should produce from 100 to 200 plants, and the most of the plants should commence fruiting the same season that seed is planted. They are perfectly hardy, and after the first season will produce an abundant crop of berries early in the season like common varieties of strawberries and continue bearing without intermission until freezing weather in the late fall. If you have a little garden space, don't fail to start one of these Everbearing Strawberry beds. This is your opportunity of securing same at practically no cost. Pkt., 25c; 3 for 50c; 7 for \$1.00, postpaid.

**Strawberries Every Day
from May to December**

FILFERA or Weeping Palm

One of the best window Palms, needing no petting to succeed. Stands dust and dry air, and lack of sunshine and is very ornamental with its elegantly fan-shaped leaves of a rich, dark, leathery green, picturesquely fringed with long thread-like filaments along the segments of the leaves. The plant is a compact grower, well adapted to pot culture, succeeding in any situation with fair treatment.

Can be grown easily in pots or open ground. Pkt. of seeds 10c; 3 for 25c.

**THE GREEN'S FARMS SEED CO.
WESTPORT, CONN.**

OUR 20th ANNUAL CATALOG

THE GREEN'S FARMS SEED CO. asks you to look over this little Catalog and give consideration to the different seeds we are presenting to you this season.

We have been selling seeds through the mail for 22 YEARS and during that time have promoted more NEW DISCOVERIES in seeds than any other seed house.

SOME SEEDS WE HAVE PROMOTED

Our New Burbank Tomato, (a Luther Burbank Production) is now recognized as the EARLIEST TOMATO KNOWN. All parts of this country North, South, East and West, (see testimonials on another page) have found it EARLIER than any other variety. We have sold a million and a half packets of this Tomato.

LEONARDS SWEET CORNS, both Early and Narrow Grain are amazing the gardening world. We advertised those Corns in 32 of the Leading Farm Publications last season and sold over 200,000 Packets. This spring we expect to double this amount without Advertising.

BENDERS SURPRISE MUSKMELON. Compare it with Honey Dew, Hearts of Gold, or Honey Ball. Prove to yourself that its FLAVOR and SWEETNESS cannot be equaled.

BLUE HUBBARD SQUASH. Taste it and you will plant no other.

THE CORELESS CARROT. A realized dream of the Vegetable Edisons.

Our CHINA-LONG CUCUMBER, EVERLASTING SPINACH, TWENTY DAY RADISH and the CHOP SUEY GREEN should have a place in every garden.

The TOPEPO has put the "PEP" in Tomato and is really a new Vegetable. "WHITE BIG BOSTON" Lettuce is NEW this season.

We are concentrating on GOLDEN SUNSHINE SWEET CORN this season. A YELLOW Corn that is as sweet and 13 days ahead of Golden Bantam.

Our Japanese Seeds

Our Japanese and Chinese Seeds are grown for us by the Imperial Seed and Plant Co. of Sugamo, Tokyo, Japan and Paotingfu, Chili, China, and are guaranteed to be fresh and New each year.

The Japanese are the most Intensive Farmers known and can grow bigger crops on a small plot of ground than we can in this country on an Acre. All listed Japanese seeds can be easily grown in this country.

Besides our New Discovery Seed we carry an immense stock of the ordinary Vegetable and Flower seeds which we also sell to the Gardeners of Connecticut at retail from our stores in Westport.

See list on another page and select for your entire garden.

Look over our SPECIAL C.O.D. offer on other pages. You will be able to get your entire Seed needs for less money than you can buy from any other Seed house. Compare our prices.

POLLYANNA the WALKING DOLL

POLLYANNA—WALKING DOLL

This remarkable Novelty has created a **SENSATION** in the **KIDDY WORLD**.

IT WALKS. NATURAL and LIFELIKE.

Pollyanna will **AMUSE** the children for **HOURS** and keep them quiet.

Your little girl **WANTS** a "Pollyanna" and **MUST** have one. We will not **SELL** "Pollyanna" but we will send you one

FREE OF CHARGE

with any order of seeds selected from our Catalog amounting to

50 CTS. OR OVER.

"Pollyanna" will walk right into the **KIDDIE'S** heart.

Beautifully Colored.

The BLUE HUBBARD SQUASH

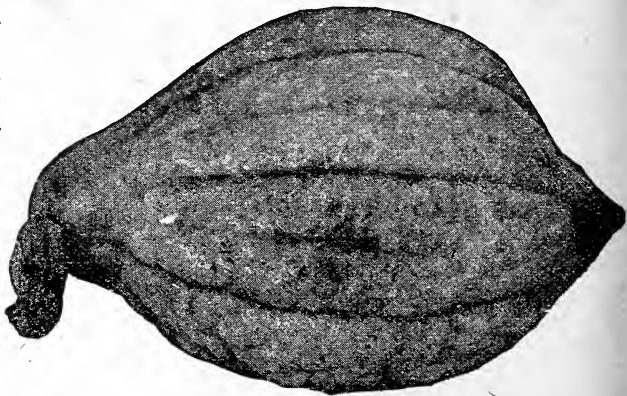

We are introducing this year, the most **wonderful** Squash ever grown. Our outside representative drew our attention to this **remarkable** vegetable in 1923 but we could hardly believe the wonderful **tales** he told us as to the **taste** and eating qualities of this Squash.

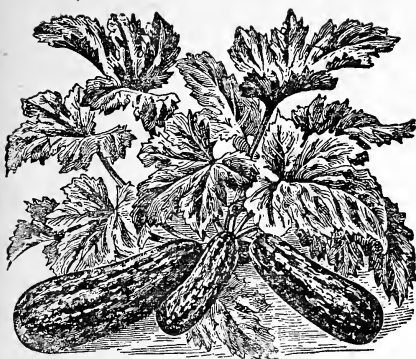

In the fall of 1924 he left **one** of the Squashes in the office. We divided it into **four** quarters and gave one quarter each to **four** of our office force. The **enthusiastic** reports from those **four**, made us decide to list this Squash as one of our wonderful **discoveries**.

The taste is entirely **different** from the ordinary Squash. It has a **flavor** which is hard to **describe**. Only by **tasting** can you appreciate it.

One local Gardener raised about **fifty** last year and they created a **sensation**. Hotels are clamoring for them. Every family that got one, wanted more. You cannot go wrong by planting a **large** quantity this year.

One packet 10c. Three packets for 25c.

Pickling Cucumbers

We recommend the **WESTERFIELD** or Chicago **PICKLING** Cucumber for Market Gardener or Home garden. It is extensively grown for the large pickling establishments. Fruits Medium length, pointed at each end, with large and prominent spines. Color is a deep green.

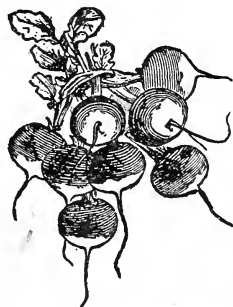

Does not grow too large and produces a very large **CROP**.

This should be in every garden. 10c per packet. Three for 25c.

Twenty Day Leafless Radish

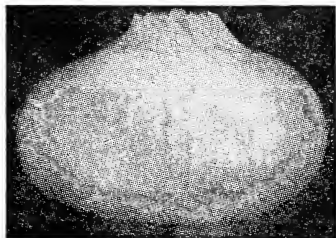

Another surprise for the Gardener. The **quickest** maturing of all the radishes. Within **TWENTY DAYS** from planting you have roots ready for the table. The Radishes are **oval** in shape, bright scarlet in color, with a tip of **white**. The flesh is clear **white**, solid yet tender and **crisp**, and of excellent flavor; in fact the quality is **UNSURPASSED**.

Twenty Day Leafless is suitable both for cultivation under glass and for spring and fall cultivation in the open ground. It is **valuable** alike to the estate superintendent, commercial-grower and the amateur gardener. Packet 10c. Three for 25c or 7 for 50c.

WHITE PORTUGAL ONION

Sometimes called **Silverskin** this today is one of the most **important** white varieties, and a standard all over this **country** and Europe. The bulbs grow flat, pure white, and to a medium size, and are remarkable for their **solidity** and **long keeping** qualities. This is the sort mostly grown for white sets, the small round hard bulb being ideal for the purpose. Sowings from seed produce good **quality scallions**, or a little later the small **pickling size**, and when fully mature a medium sized onion, unequalled for **culinary** purposes. A good plan is to sow seed thickly in the rows, and use the young seedlings as scallions, until sufficiently thinned out. Balance can then be left to produce bulbs of whatever size required. Pkt., 10c.

TOBACCO SEED

Why not try a little **Tobacco Seed** this spring? It is **easily grown** and **cured**. Very good for **Pipe smoking** and with a little practice, may be rolled into **Cigars**. May be used in **Cigarette Papers**.

HAVANA. This seed is the best **Vuelta Abajo**, obtained from **Cuba**. Finest flavored Tobacco grown. Packet 10c.

CONNECTICUT SEED LEAF. The best variety for **Wrappers**. The leaves are a **good width and length** and grow closely on the stalks. Packet of seed 10c.

The GIGANTIC GUINEA "BEAN"

Extensively advertised as a "bean" but really of the Colycinth family. This freak vegetable grows to enormous size.

We have more letters written us regarding this "bean" than any other seed we sell. The enthusiastic growers send us photographs, clippings from their local papers and all seem to vie with each other as to size they have grown. This vegetable is eatable. Must be boiled and served like squash.

W. P. Davis of Oak Grove, Ky., writes: "I have grown from your seed, Guinea 'beans' **FOUR FEET, SIX INCHES LONG** and **12 INCHES WIDE**. Is the talk of our whole county."

Mr. Fred Hookey of Salisbury Mills, N. Y., writes: "We have raised Guinea Beans **48 inches long** and **15 inches around**."

Mr. A. F. Osborn of Augusta, Ill., writes: "Gigantic Guinea Bean is **37 inches long** and **16 inches in diameter**. Planted seed last May. Lots on vine **32 to 34 inches long**. Vine climbs trees, fences, bushes. Anything in its path. Invaded wife's flower bed. Had to turn it back."

Would suggest that all "beans" but one be taken from the vine in order to get **ONE** of the largest size. Give it lots of water and it will grow larger. The Vine of this bean has been known to grow **60 feet in length**. Packet of seed **10c**. Three for **25c**. Seven for **50c** or **15 for \$1.00**.

RED PLUM TOMATO

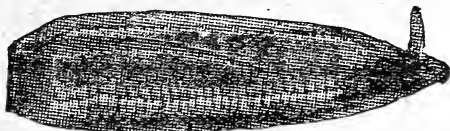

Grows from **SEED** planted in the open ground as soon as the ground is warm. Need not be raised under glass. Bears fruit about the size of a **PLUM** and of a remarkably **FINE SWEET** Flavor.

Very **DELICIOUS** when eaten as picked from the Vine.

May be used for Canning or Preserving. Can be grown very easily and is a **BEAUTIFUL** plant to have in your garden. A **BIG SELLER** for the market gardener. Packet Seed **10 cts**. Three for **25 cts**.

BLACK MEXICAN SWEET CORN

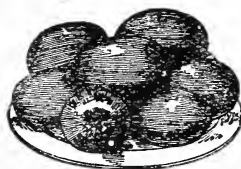

The great delicacy of Mexico and the South American countries is this **Black Mexican Sweet Corn**. It is surpassed by none in its **tenderness** and **flavor**. A **Delicious Corn** that can be grown in any **Climate**. Not used as much as it should be in the **United States** on account of its color. For family use it is considered by many to be the most **desirable** of the medium late sorts.

Try this not only as **novelty** but as one of the most **tasty Corns** grown. **Packet by mail 10 Cts. Three for 25 Cts.**

VINE PEACH

Ripe Fruit in 80 Days After Seed is Planted

This wonderful Vegetable Peach is the most beautiful of all vegetables. They resemble oranges in color, shape and size, and grow on vines like melons. They present a beautiful and tempting appearance when canned; make delicious **preserves** and **sweet pickles**; and are fine for **pies**. There is nothing like them. Extremely early, of the easiest culture and very **prolific**, covering the ground with golden fruit. They grow from the seed in 80 days. A package of the seed will be sent postpaid for 10c; 3 packages for 25c.

THE VINE BANANA

A specie of Muskmelon, which grows over 2 ft. long. Looks and smells like **overgrown Bananas**. Delicious eating,

very tender and of wonderful fragrance, one fruit will scent the whole house. A great curiosity and a profitable crop for market gardeners. Pkt. of seeds 10c; 3 pkts. for 25c; 7 pkts. for 50c.

Garden Cress

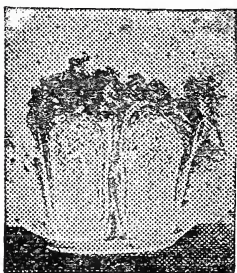

Green all the year. Ready for use before any other salad. Used with lettuce it adds an agreeable taste. **Packet 5c if ordered with other seeds.**

Oyster Plant

Salsify, or Oyster Plant. Though not as generally grown as it should be, this is, when cooked a really delicious vegetable, surpassing in richness of flavor both carrots and parsnips. It acquires a decided oyster flavor after a good frosting. Roots for winter use may be left in the ground but lifted before they start to grow. Salsify is boiled like parsnips or carrots and served either with or without cream gravy. Or after half boiling can be grated and made into flattened balls and fried like oysters. Mammoth Sandwich Island Salsify is the most popular. Price of seeds per Pkt. 10c.

CHINESE CHICKEN CABBAGE (Pe Tsai)

The wonderful **GREEN FEED** from China which has been known to yield **THREE TONS** of **GREEN FOOD** in a space of 40x60 ft. from $\frac{1}{2}$ oz. of seed.

You can't beat this for **CHEAP GREEN FOOD**. A half pound of this seed will furnish enough **GREEN FOOD** for **1000 Hens** for **4 MONTHS**. Very easily grown. Sow the seed in **open ground** as soon as frost has gone and continue sowing during the summer.

Commence feeding Pe-Tsai when plants are about **5 in. high** by pulling out **alternate** plants. Continue thinning until plants are about one **foot** apart. The remaining plants should make heads of **FIVE** to **SEVEN POUNDS** in about **60 DAYS**. They may be fed **immediately** or allow to stay in the ground until **frost**. These heads may be fed as a whole as they are very tender and **100 per cent edible**.

CHOPPING IS NOT REQUIRED EVEN FOR YOUNG CHICKS. This is a **registered** brand and germination is **guaranteed**. A package of this seed for 10 cts., or three packages for 25c.

This genuine strain of **PE-TSAI** grows to the **mammoth** size of from **15 to 20 inches** tall, **10 to 12 inches** in diameter and weighing up to **15 pounds**.

Golden Sunshine Sweet Corn

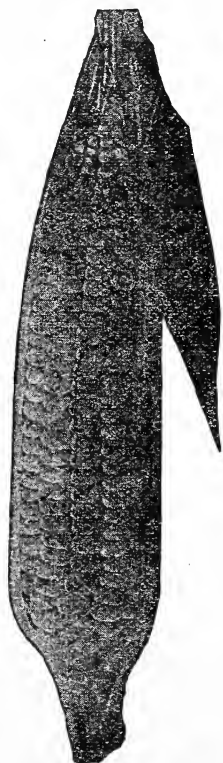

The New Wonder Sweetcorn

For two years we have been **promoting** and **advertising** extensively **Leonards Early Sweet Corn**. As **Leonards Early** is entirely a **WHITE CORN** we have been besieged with applicants for a **YELLOW Sweet Corn** which was as early as **Leonards** and as sweet. **Dr. Yeager** of the **North Dakota Experimental Station** has solved the problem for us by introducing the **GOLDEN SUNSHINE Sweet Corn**. This is a truly **wonderful** variety of **Sweet Corn**, being **13 days EARLIER** than **Golden Bantam**. In fact this variety will be **off the market** before the **Golden Bantam** is **ready**. **GOLDEN SUNSHINE** from a **gardener's** standpoint, is the most **valuable** introduction in recent years. The **EARS** are **LARGER** in size than the **Bantam**, **12 rowed** instead of **8**, and of equally **good** color.

Its **EARS ARE FULLY 6½ INCHES LONG**. We firmly believe that **GOLDEN SUNSHINE** will eventually **displace** **Golden Bantam**.

We have to get more money for **GOLDEN SUNSHINE** as it is very scarce this year, however we will send a small package for 10c. Three for 25c. 7 for 50c or 15 packets for \$1.00.

For prices on all Vegetable Seed in Pound or Ounce lots, turn to our **C.O.D. Offer** on other pages. Compare the prices with other Seed Houses. Order **EVERYTHING** you need for your Garden at one time and save mailing charges. All Seed **GUARANTEED** to be of the new fall crop of 1931.

"China-Long" Cucumber

A Most **REMARKABLE** and **HANDSOME** new long green cucumber from **CHINA**. The most **FLESHY** and **FINEST FLAVOR** of the long green type. The Vines make a **TREMENDOUS** growth. They are unusually **VIGOROUS**, bearing an **ENORMOUS** crop. The foliage is a **RICH** dark green and is quite resistant to **DISEASES** and **INSECT ATTACKS**.

This Oriental **CHINA-LONG** makes a perfectly **STRAIGHT** fruit. They average about **20 INCHES**. The attractive fruit taper gently towards the ends, holding their thickness well until they run off into a round stem and blossom end. We have many **ENTHUSIASTIC** letters from customers who have proclaimed this the most **BEAUTIFUL** and **BEST** of all long green Cucumbers.

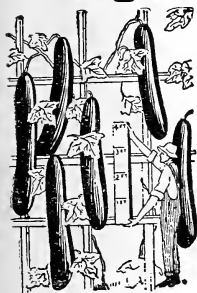

CHINA-LONG is practically **ALL FLESH**, containing very few seeds. The thick flesh is a beautiful **WHITE**. It is **CRISP, JUICY**, and of the most **DELICIOUS** flavor, and essentially a qualified Cucumber which is absolutely **UNEQUALED** for market use. A most remarkable feature of **CHINA-LONG** is the fact that it retains the beautiful **DARK GREEN** color of the skin until it is fully ripe.

The fine, large, long fruits are extra fine for **SLICING**, but if picked when of small size, they make tasty little **PICKLES**. The people in **CHINA** store surplus products for their winter table after cutting into four or five pieces and drying. The vigorous vines **BEAR CONTINUOUSLY**, particularly if the fruit is packed as soon as it has reached a good size.

We recommend this **NOVELTY CUCUMBER** as much the best of all, and the variety anyone should plant.

Packet 10 Cts. Three for 25 Cts. Seven packets for 50 Cts.

Gigantic Guinea "Bean"

Extensively advertised as a "bean" but really of the *Colocynth* family. Grows to **enormous size**. One often weighing **10 POUNDS**.

W. P. Davis of Oak Grove, Ky. writes, "I have grown from your seed, Guinea 'Beans' **FOUR FEET SIX IN.** long and **12 INCHES** wide. It is the talk of our whole county." Hundreds of testimonials.

Delicious eating. To be cooked like Squash. A great curiosity. Grown anywhere. Packet of six seed 10c. Three Packets for 25 Cts.

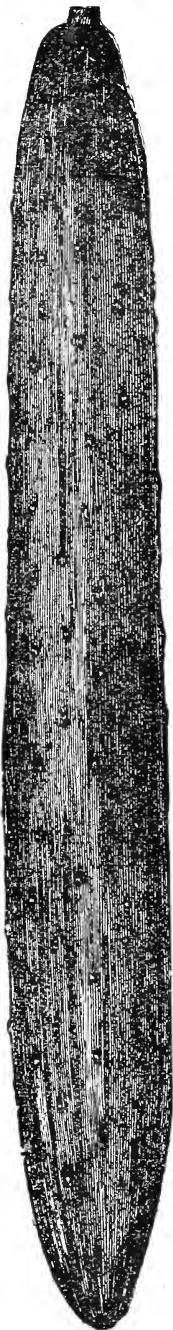

Kudzu Vine

The most rapid growing vine known.

Grows over **50 feet** in one season from seed sown in the open ground in May.

Its foliage is very luxuriant and it will screen in porch or unsightly place.

Its flowers are White or Pink; has a profusion of seed pods. Seeds per packet 10 cts.

The NEW BURBANK TOMATO

LUTHER BURBANKS NEW CREATION

Mr. Burbanks wonderful genius has created a Tomato that from seeds planted in open ground **BEARS FRUIT EARLIER THAN PLANTS.**

Mr. Burbank himself, makes the remarkable statement that "a second crop of tomatoes has been grown in one season from the **Seed of the First Crop.**" A. I. Root, editor of *Bee Culture*, states that he planted Burbank Tomato Seed when his other tomato plants were budding, yet his first ripe Tomatoes came from the Burbank.

The Burbank is also Blight-proof and a big bearer. Very solid, with few seeds and of fine flavor.

WHAT JOHN LEWIS CHILDS, THE BIG SEED MAN, SAYS:

The earliest, best medium size, most perfect in shape and color, the least vine, the most fruit, the least acid, the sweetest tomato, and in every respect the best for home and market.—John Lewis Childs, Long Island, N. Y.

SOME FROM "UP NORTH"

Your "Burbank" Tomato did well here and is the best ever known in these parts, and that is saying a lot, considering the climate we have here.—W. P. H., Maitland, Nova Scotia.

A CANADIAN TESTIMONIAL

Last year several of the gardeners here sent for your "Burbank" Tomato seed. I received six plants from them. As for a cropper, the like was never seen in these parts before and one of the gardeners took first prize with them at the gardeners' show.—H. O. H., London, Ontario, Canada.

NO MORE NEED OF BUYING TOMATO PLANTS

Plant the seed of the Burbank Tomato in the open ground as soon as the ground is warm and you will get fruit **sooner** than you ever did from plants.

We sold over 100,000 packages of the Burbank tomato seed last season, and expect to sell **half a million** this Spring.

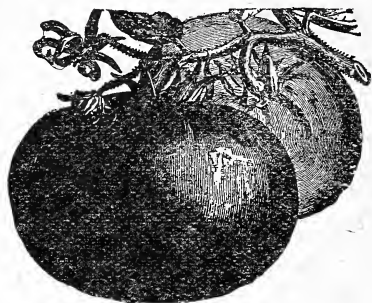

All new seed out of Fall crop of 1931.

One package of 60 seed by mail for 10 cents, 3 packages for 25 cents, 7 packages for 50 cents, or 15 packages for \$1.00.

GOODALL RUNNER BEAN

GROWN BY A FARMER IN MAINE

This is what he says of it: "Will grow 20 ft. if you let it. Rain all the time or dry all the time, this bean keeps on growing. No Bugs or Rust hurt it. A fine eating bean about the size of a 5 cent coin." Bears heavily. Very pretty flowers. Packet 10c. 3 for 25c. 7 for 50c. 15 for \$1.00.

NEW GIANT STRINGLESS BEAN

No more string than a pipe stem.

This Bean produces a vine similar to Red Valentine but is about a **WEEK EARLIER** and much more **PROLIFIC**. It will develop pods to an Edible condition in about **FORTY DAYS**. A very **HARDY**, stocky vine.

Pods are long, round and green in color, of exceptionally fine **QUALITY**, and **STRINGLESS** throughout its **ENTIRE GROWTH**.

The **STRINGLESS** quality of this bean places it at the **TOP OF THE LIST** as a **TABLE BEAN**, while its **EARLY MATURITY** gives it great **MARKET VALUE**. Plant early or late. Packet of seed 10 Cts. Three for 25 Cts. Seven for 50 Cts.

EVERLASTING SPINACH

The seed of this very **DESIRABLE** plant may be sown any time from **APRIL** to **JUNE**, and in **SIX WEEKS** cutting may commence and continue right through to fall. Everlasting Spinach is highly resistant to **FROST** and has no tendency to go to **SEED**. The **GREENS** furnished are similar in flavor to Viroflay, being very **TENDER** even when allowed to grow large. Is both **PALATABLE** and **HEALTHFUL**. We have a special strain of **IMPORTED SEED** that gives great satisfaction. The **HIGHEST PRICED** Spinach seed known but we offer you this year

One Packet for 10 Cts. Three Pack-ets for 25 Cts.

THE AMERICAN WONDER PEAS

The remarkable increase in **POPULARITY** of the American Wonder Pea would be more surprising, only for the **WONDERFUL VALUE** it represents. **BIGGER CROPS** with **LESS LABOR**. Needs **NO BUSHING** at all.

Its strong stem holds it upright being only 10-12 inches high.

It is an **EXTRA EARLY Dwarf** Wrinkled Pea of sterling quality.

Pods are **FIRM** and well filled with **SPLENDID** peas. Length of pods are two and a quarter inches. For your

MAIN CROP you cannot beat the **AMERICAN WONDER PEA**. One packet by mail for 10 Cts. Three for 25 Cts. Seven for 50 Cts.

JAPANESE CLIMBING CUCUMBER

If more was known about this Cucumber it would be grown as a **MAIN CROP** by Market Gardeners. It is **EQUAL** to any other variety in quality and **FLAVOR**. Plant near a fence, trellis, chicken wire or poles. On account of not lying on the ground but hanging in the shade of its own vines, it remains in strong, healthy growing condition longer than others. Fruits are from 10 inches to **ONE FOOT** in **LENGTH** and retains deep green color of skin a long while after being picked. Well adapted for pickling as well as for slicing for Salads. Needs very little care.

Packet of Seed 10 Cts. Three for 25 Cts.

CHINESE CHOP-SUEY GREENS

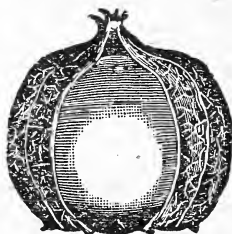

This is the real **CHOP-SUEY** as served in Chinese Restaurants. It can be as easily raised in this country as Spinach. This **GREEN** is very **HEALTHFUL** as well as **TASTY**. Wonderful to flavor Soups or Salads. Leaves of whole plant are usually boiled and served same as Spinach or Swiss Chard. A Year around **GREEN**. **EASILY GROWN** and does not require any particular kind of soil. For spring or summer use, plant seed as early as ground can be worked, and successively every **THREE WEEKS**. This insures a **CONTINUOUS CROP** until late in the season.

This plant has a Chrysanthemum like **FLOWER** of great **AROMATIC** flavor.

Packet of Seed 10 Cts. Three for 25 Cts.

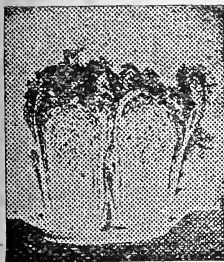

STRAWBERRY OR HUSK TOMATO

This **DELICIOUS** little fruit can be raised very easily from seed planted in open ground as soon as the ground is warm. The plants are of **DWARF** spready growth and very **PRODUCTIVE**. The fruit is **YELLOW** and about the size of a **STRAWBERRY** and is enclosed in a **HUSK**. It is of a peculiar **FLAVOR** and often used in preserves. May be eaten like a Tomato and there is no greater **DELICACY**.

A great **NOVELTY** and very pretty when laden down with its miniature fruit. Packet of seed 10 Cts. Three for 25 Cts.

CHINESE CABBAGE

(PEI-TSAI)

The Chinese Cabbage is being generally accepted as a **staple vegetable**.

In the west it is served as common as lettuce. Of great size but tender as lettuce and with a flavor of Celery.

Use in Salad and treat your friends to a rare delicacy.

Will grow in any climate. Packet of seeds 10 cts. 3 for 25 cts.

Garden Cherry Tree

Bears fruit the **first year** from seed planted in the **open ground**. The fruit is a little larger than a cherry, but without any stone. Excellent eating and of fine **flavor**. This wonderful novelty if once planted we are sure will always be in your garden. Packet of seeds 10c.

Coffee Berry

Grow your own Coffee at a cost of **One Cent** a pound. A delicious and nourishing drink that is not injurious like coffee.

Tastes like coffee and is the best coffee substitute ever **discovered**.

Prepared like any other coffee. Grows in any climate and is as easily grown as beans.

Big money made by growing and selling this coffee. Packet of seeds 10 cts. 3 for 25 cts.

Three Foot Radish

NERIMA LONG

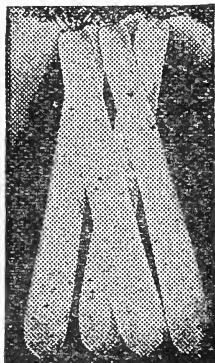

A wonderful Oriental vegetable.

Of immense size.

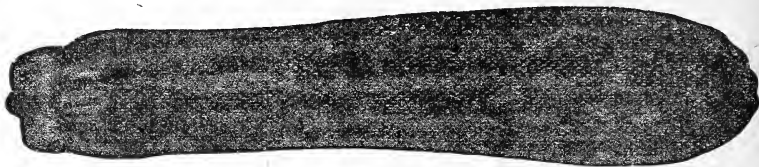

A pure white Radish with the flesh of a Baldwin apple and as fine a grain.

Grow **2 to 3 ft. in length** and **5 to 10 lbs. in weight** and of a flavor ahead of the best spring radish that ever passed your lips.

A generous pkt. of fresh seeds for 10 cts. 3 for 25 cts.

COCOZELLE BUSH SQUASH

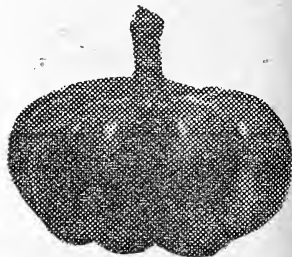

It has only been recently that Scientists have discovered the presence of remarkable quantities of **VITAMINES** in Summer Squash, and Doctors now prescribe an abundance of Squash for **Children** backward in **physical development**. The **RICHEST** Vitamin bearers among summer squash is **COCOZELLE** Bush. A **handsome** oblong dark green **Italian** variety liberal speckled with contrasting marks. Being of **compact bush** growth, a dozen plants will not take up any more room than a 15 ft. row of bush beans and will provide **2 to 3 dozen** handsome fruits averaging **2 to 3 pounds** each. This variety is **unsurpassed** in richness of the cooked product, which is of distinct aromatic **flavor** and **aroma**. Packet of seed 10c. Three for 25c. 7 for 50c.

TOPEPO

A TOMATO WITH "PEP"

A new vegetable of exquisite flavor combining the delicious qualities of the **pepper** and the **tomato**. This vegetable is as large, and looks like a Tomato but has a **mild sweet flavor** of a very mild **pepper**. In **salads** or **sandwiches** it has such a delicious flavor that Market Gardeners are finding it a **big seller**. It is wonderful for **stuffing**, makes a beautiful table display and is being used by the fancy trade all over the country.

The combining of those two vegetables have put a "**Pep**" in the Tomato that makes an entirely new vegetable out of it. We have tried the **Topepo** for two years and very highly recommend it.

Packet of seed 10c. Three for 25c.

GARDEN DANDELION

The Dandelion cultivated as a **SPRING GREEN** is fast growing in favor. It is one of the **BEST** and most **HEALTHFUL** spring greens.

Do not confuse the **CULTIVATED DANDELION** with the annoying pest so common in lawns. This is an **IMPROVED, THICK, BROAD LEAVED** plant that is **THREE TIMES** the size of the wild dandelion. The **FLOWERS** may be used for

making a most **DELICIOUS WINE**. Imagine a **BED** or a dozen rows of this cultivated Dandelion with its **GOLDEN BLOSSOMS!** With its healthful sustaining Greens from its **LEAVES** and **INVIGORATING** Wine from its **BLOSSOMS**. No **WASTE HERE**. Package of Seed for 10c. Three for 25c.

Its leaves for greens. Its flowers for wine. !

JAP. GIANT RADISH

The great Sakurijima Radish from Japan, often attaining the enormous weight of from 15 to 30 pounds. A real "novelty" to Americans.

The flesh is solid, firm and brittle and of excellent flavor. Will grow or thrive in any soil or climate. Can be planted in spring and eaten all summer long and keeps through the winter. Thrives in hot and dry weather. Try this monstrous variety and you will find real value. Package of seeds 10 cts., 3 for 25 cts. By Mail postpaid.

ALMOND NUTS. (300 from ONE.)

The Ground Almond has a fine flavor, meat is snow-white and covered with thin shell. Grows close to the surface. Very prolific, a single nut yielding from 200 to 300 nuts in a hill. Will do well in any soil. Planted like potatoes and harvested in same time. Grows rapidly and produces immense crops. Try some this year.

Packet 10 cts., 3 for 25 cts. By Mail postpaid.

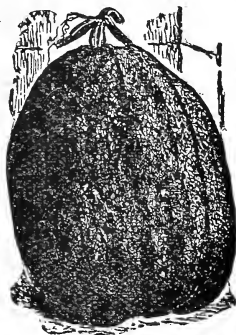

MAMMOTH SUGAR PUMPKIN

A really enormous variety.

Some have been grown as large as 200 pounds. In spite of its immense size it is among the best pie Pumpkins.

Why plant any old Pumpkin seed when this costs 10 more. **SOME PUMPKIN.**

Bag of seed 10 cts.

MAMMOTH PRIZE PUMPKIN

This Pumpkin is grown mostly for stock feeding, or for exhibition purposes. We secured this seed at considerable expense to give the farmers the maximum of food value and with no more trouble in raising. We have never been able before to offer seed of such an extraordinary size Pumpkin. Packet of seeds by mail 10 cents, 3 for 25 cents.

THE CHESTNUT BEAN

This wonderful Bean looks like a gigantic PEA and when boiled tastes exactly like boiled Chestnuts.

We can truthfully state that this is the most delicious Bean grown. Grows tall on a bush and is completely covered with PODS. For Soup, or Turkey stuffing it can't be beat. A Spanish Bean and called the "Garbanzo" Bean. You will want a lot of these beans.

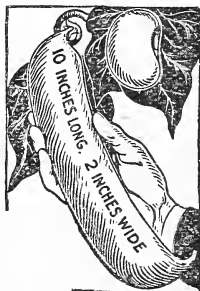

Pkt. 10 cts. 3 for 25c. 7 for 50c.

1200 TO ONE BEAN

A GIGANTIC WONDER

Over 200 pods have been grown on a single plant—all well filled, producing over 1200 beans from one bean.

Strong, erect plants, bearing pods well up from the ground. Order now as supply is limited. After 2 years' experimenting we are offering a sealed package of 60 beans for 10 cts., 3 for 25 cts., 7 for 50 cts. or 15 for \$1.

GIANT SWORD BEAN

A new BEAN we are introducing this year. Comes from Japan and the Growers claim that full pods measure up to 10 inches in length and 2 inches wide.

Grows in any climate. Of excellent flavor as String Beans. Tender and delicious. Can't be beat for BAKING. A large handsome Bean. Try a few Packages this year. It's a wonder. One pkt. 10 cts. 3 for 25c. 7 for 50c or 15 Packages for \$1.00.

THREE FOOT BEAN

So called from the length of its pod. Many of the pods grow to three feet or more in length. A good eating string bean used extensively in Japan.

A big producer, a great curiosity and a rare and costly seed.

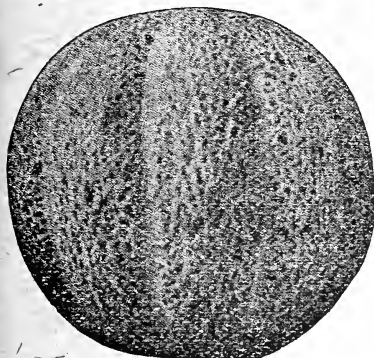

Pkt. 10 cts. 3 for 25 cts. 7 for 50 cts. 15 pkts. for \$1.00.

BENDER'S SURPRISE MUSKMELON

This is the **sweetest** and most **delicious** Muskmelon that we know of.

Last year it was impossible to get enough of the seed to half supply the constantly growing demand. The price has been rather high, but the gardeners who have once grown this melon must have the seed at any price.

This story of this wonderful Melon is rather interesting: Our representative was in Troy, N. Y., several years ago and was served in a restaurant with a half of a very **delicious Muskmelon**. The sweetness and fine flavor of this melon attracted him so that he asked the attendant if it was possible to get some of the seed. "We couldn't get you **ONE** of the seed at any price," replied the man. "We have to buy those melons in **halves** with all the seed taken out." It was in this way that the grower tried to keep this fine **Melon** for his own use. However—Later his Melon patch was **raided** at night and several of the Melons **stolen**. From those few Melons the seed has gotten on to the market. Our grower promises us plenty of the seed this spring and you will be wise to plant a large tract with this Muskmelon.

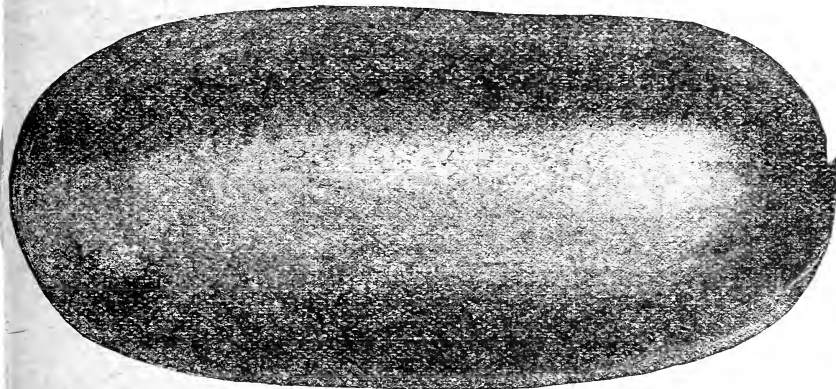

The name **BENDER'S SURPRISE** is the only credit given the original grower.

A fair sized Melon easily grown. With the **sweetest** and most **delicious** flavor of any known Muskmelon.

Packet of seed 10c. Three packets for 25c. Seven for 50c.

TOM WATSON (Imp.) WATERMELON

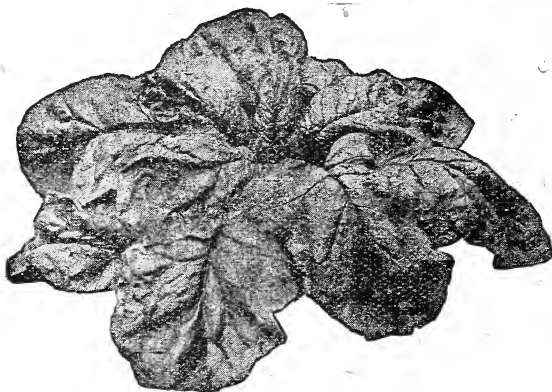

This is the Celebrated Tom Watson Watermelon, only all the seed have been saved from the **Extra Large** Melons. In this way we have all the **good** qualities of the Tom Watson but much larger in size.

It is a Melon similar in shape and splendid quality to the Monte Cristo but **larger** in size and tougher rind, making it especially adapted to shipping. The rind is dark green and the flesh is rich, red, **sweet** and **tender**. Can be grown in any climate.

Packet of seed 10 Cts. Three for 25 Cts.

THE GIANT LEAFED SPINACH

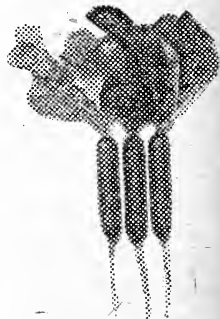

This Giant Spinach is the result of careful selecting and re-selecting of seed. It is the largest Flat Growing, Long Standing Spinach ever known. It is a plain leaf type like Viroflay but nearly double the size.

An Enormous yielder. Very attractive deep green color and will not shoot seed quickly. In spite of its large size it is exceptionally tender.

A very profitable Spinach for the Market Gardener. Pkt. of seed 10c. Three for 25c.

THE CORELESS CARROT

At last we are able to introduce a CARROT that is absolutely **WITHOUT CORE**. A Carrot that is as **TENDER** when boiled as a sweet potato. A Carrot with a **DELICATE FLAVOR** of its own. This is such a great improvement over the other Carrots that we predict its **GENERAL USE** in a few years. To get rid of the **hard center** or **CORE** of the Carrot has been the **dream** of the **VEGETABLE EDISONS** for a long while. We assure you that this dream is now a **REALITY**. It not only has **no core** but is more **TASTY** than any Carrot we have eaten. One packet will convince you. We suggest that you use no other kind for your **ENTIRE CROP** this spring. Needs no more care than other Carrots. Packet of **SEED** 10c. Three for 25c or 7 for 50c.

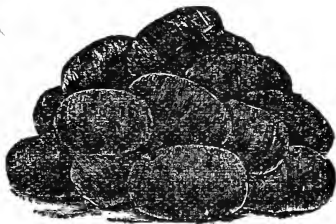

BROCCOLI

Special Italian Calabrese. The right kind. Broccoli is recognized everywhere as a **delicious** vegetable and is in very great demand. It grows like **Cauliflower**, but much **easier** to grow, and is cooked and served in a **similar** way. Our **Superior** strain makes large **compact** heads. After it is out the plant branches at the main stalk making a number of **smaller heads**. Good growers should not overlook this **new vegetable** as it will be a **money maker**. Packet of seed 10c. Three for 25c.

POTATOES FROM SEED

Seed from the Seed Balls—Headquarters Stock. Your fortune may be in one of them. They are as easy to grow as tomatoes. Millions never saw a **Potato Seed Ball**. Thousands have tried in vain to get the seed. Now is your **opportunity**. This unrivaled seed will produce an endless variety of **new kinds**. It is from these that all **valuable** new varieties of potatoes are produced. Growing new and distinct **Seedling Potatoes** from the Seed-Ball Seed is intensely interesting. They will be the greatest **curiosity** of your garden. This seed will positively produce innumerable new kinds, **colors, shapes, sizes and qualities**. The product will astonish you. Some may be of **immense value** and bring you a **golden harvest**. Every farmer, gardener and bright boy should plant a few packets. You may be one of the **lucky ones**. Pkt., 15c; 2 pkts., 25c; 5 pkts., 50c, postpaid.

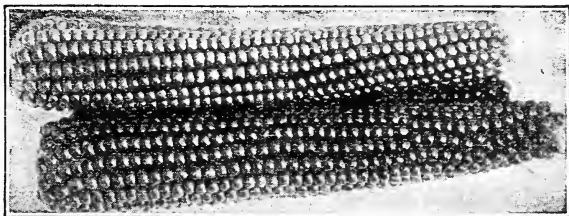

ORANGE SUNBERRY

A new berry about the shape and size of the Gooseberry; a beautiful, bright **orange** color when ripe; mild in flavor, not **sour**. It is an annual that is grown from seed, and fruits in the late summer and fall. Will grow **anywhere**; very productive, and fruits will remain on the plants **6 or 8 weeks** after they are ripe. Fine for jelly, jams, pies and preserves. Pkt., 10c; 3 pkts., 25c; 7 pkts., 50c, postpaid.

Black Beauty Pop Corn

Black Beauty. A very remarkable Pop Corn. Ripens **earlier** than any other variety, yet the ears are large in size and the yield is as heavy as that of any of the later sorts.

Pops large and is the **finest flavored** variety of Pop Corn. Although the kernels are **black**, they show up nice and **white** when popped. It is a great pleasure to watch this Corn change in a flash from **black** to a **snowy white**. A generous packet for 10c; 3 for 25c; 7 for \$1.00.

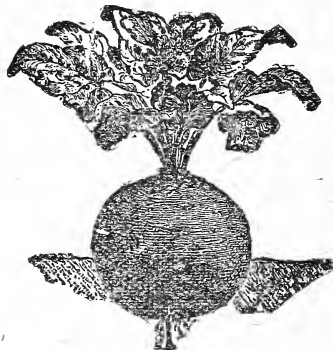

STIM-U-PLANT

"Watch that Plant Grow!"

SAVE FERTILIZER by use of Stim-u-plant tablets yet grow bigger and better crops. A Stim-u-plant Tablet is dropped at the root of each hill, or ten inches apart in rows, while hoeing. This concentrated Fertilizer goes right to the **ROOTS** where it is needed, not **wasted** in growing weeds between rows. Intensive farming as demonstrated by French, Japanese and Chinese methods (who grow wonderful crops on small plots of land), is a matter of **chemical fertilizer**. Stim-u-plant is the strongest concentrated fertilizer made.

HOUSEWIVES. By the use of this magic tablet you can grow house plants that will be the **envy** of your **neighbors**. 1 pkt. with full directions 10c. 3 Pkts. for 25c.

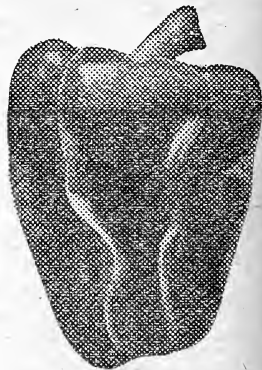

New Winter Keeper Beet

A distinct Strain of Globe shaped Beet produced by a Grower who takes particular pride in striving after high IDEALS in seed selection. Two leading characteristics make this beet worthy of any gardeners time and space. The uniformly excellent Flavor of its flesh at all stages of development and the remarkable manner in which this quality is preserved during Winter storage. The flesh is sweet and tender at all stages of growth. May be stored in a pit or cellar until spring and when taken from storage will actually COOK MORE TENDER AND SWEET than ordinary varieties will when taken from the Garden. Packet of seed 10c. Three for 25c, or seven for 50c.

California Wonder Pepper

The Largest Sweet Pepper in Cultivation

The unusual thick wall is the dominating feature of California Wonder. It is the heaviest Pepper now under cultivation in America. In maturity, California Wonder is slightly later than World Beater. It is a heavy producer, often bearing from 6 to 8 large fruits at one time. The fruits will average over $\frac{1}{2}$ pound in weight. The thick wall, usually averaging from $\frac{1}{4}$ to $\frac{3}{8}$ inches, makes it a premier shipping variety. It packs well, the skin is smooth and glossy and will not wilt under long-distance handling. Packet of seed 10c. Three for 25c postpaid.

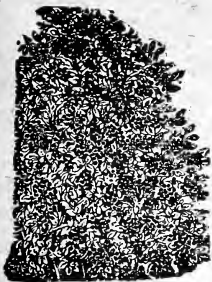

ITALIAN FENNEL

This excellent vegetable forms a bulb above ground at a base of leaf stalk and is a wonderful table vegetable when cooked. It is usually boiled for the table. Somewhat resembles Celery, possessing a sweet and agreeable flavor and aroma. Also eaten uncooked like Celery. Favors Anise in flavor. Italian Fennel is gaining in popularity in this country and today most gardens have a bed of Fennel. Packet 10c. Three for 25c.

For prices on all Vegetable Seed in Pound or Ounce lots, turn to our C.O.D. Offer on other pages. Compare the prices with other Seed Houses. Order EVERYTHING you need for your Garden at one time and save mailing charges. All Seed GUARANTEED to be of the new fall crop of 1931.

GARDEN HUCKLEBERRY

Grows from seed to large ripe **BERRIES** the first year. Yields an immense crop of fruit.

Grows and thrives in any climate and on all kinds of soil.

The fruits grow larger than the common Blueberry or Huckleberry.

You will be delighted and astonished at this easily grown and wonderful novelty.

Price per packet 10 cts. 3 for 25 cts.

GIANT BUTTER BEAN

The most wonderful **BEAN** in the world

A Record breaking **FOOD** producer. Comes from the ground in a few days, and grows quickly to a height of two feet, on a strong, sturdy stalk.

This bean produces profusely. We have counted over 100 blossoms on ONE stalk. The pods grow straight out from the stalk and its branches, and while there are only 2 to 4 beans in a pod, the

FOOD VALUE IS DOUBLE

that of other beans. We have experimented extensively with this bean during the last two years and are now

prepared to offer this delicious vegetable for 10 cts. a packet. 3 pkts for 25 cts. 7 for 50 cts. or 15 for \$1.00. Prepaid.

JAPANESE GOURDS

We have made up a **MIXED PACKAGE** of **STRANGE** and **WIERD** Japanese and Chinese Gourd seed. You will find many strange shapes in this collection as we **GUARANTEE** some of each of the following Gourd seed in this packet.

CHINESE BOTTLE. Produce a bottle like fruit. The shell dries hard and is very light. Used as a **THERMOS** Bottle in China.

DISH-CLOTH GOURD. Fruit grows to **THREE FEET LONG** and is edible. Inside of Gourd can be used as a **DISH CLOTH** as it is always sweet and clean as long as any part of it is left.

SUGAR TROUGH. 20 inches in diameter. Looks like a large kettle. Useful as a household article when dried.

BUTTER BEAN GOURD. Grows **SIX FEET** long. Sometimes straight and sometimes curled up like a large smoking pipe.

Packet of seed 10 Cts. Three for 25 Cts.

New York or "Wonderful" Lettuce

An excellent stock of the Iceberg type.

More N. Y. Lettuce is grown in the U. S. than all other varieties combined. Its first success was made in the Imperial Valley of California, and since that time it has spread over the entire country. Over 20,000 carloads are shipped from the Western States yearly. It is now being grown in most of the market gardens of the East

BIG as New York and has been selected to develop into a **hard compact head**.

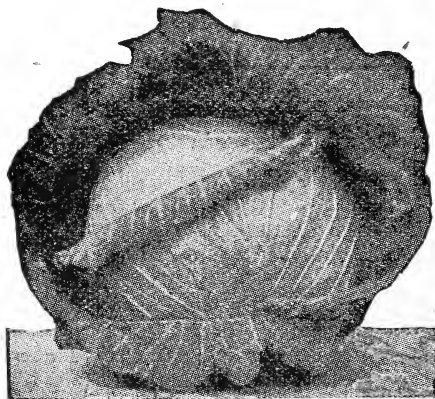

This strain insures the Eastern Gardeners a type of lettuce to compete with the California and Western Iceberg in any market. It is highly resistant to warm weather.

Packet of this new seed 10c. Three for 25c or 7 for 50c.

"White Big Boston" Lettuce

A **NEW** and the very best strain of the Big Boston or **butter head** type of Lettuce. **Extra Early**. Will mature **10 DAYS** ahead of Big Boston. Very **large** frame and head. Will not **TIPBURN** nor turn **red**.

Slow to go to seed and will hold **many** days in the field after maturity. Packet of seed 10c. Three for 25c. Seven for 50c.

Zenith Red Cabbage

We consider this a great **improvement** on all other types of Red Cabbage. The heads are of medium size and very **solid**. The leaves are of **fine** texture with **thin** light ribs, the outer leaves being very few and small. In **COLOR**, Zenith is particularly **DARK**, and the variety is the **best** we know for **pickling** or for **market**. Its small size enables Zenith to be planted closer than the ordinary type. Packet of seed 10c. Three for 25c.

LEONARD'S EARLY SWEET CORN

This great improvement in Sweet Corn is now generally accepted as the **earliest Sweet Corn known**. It is **two weeks earlier** than Golden Bantam, Mayflower; Early Crosby or any of the early varieties.

This new variety of **extra early white Sweet Corn**, we sold for the first time to Market Gardeners in 1927. Those who tried it brought in **splendid large** roasting ears ready for the market **six to eight days ahead of Early Mayflower**.

The Stalks are short and stocky, usually producing **TWO LARGE, HAND-SOME** Ears on each stalk. The Corn is a beautiful **WAXY WHITE**, of a wonderful sweet **FLAVOR** and is **READY FOR MARKET** so much **AHEAD** of other early varieties that it brings a **HIGH PRICE** on the market. We strongly recommend this new variety, **LEONARDS EARLY**, we feel confident that every gardener will want to plant some of it this year.

The **flavor cannot be equaled** even by **Country Gentleman**.

Packet of Corn 10c. Three for 25c. Seven for 50c, or 15 Packages for \$1.00.

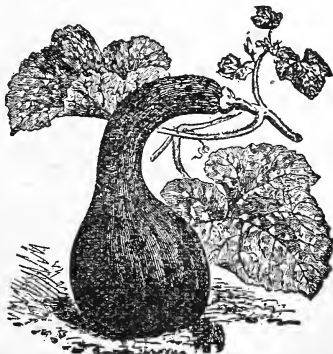

Mammoth Russian Sunflower

An **IMMENSE DOUBLE FLOWER**. Grows to a great height with a **PROFUSION** of Flowers. Highly valued as an excellent and **CHEAP FOOD** for **HENS**. Is the **BEST EGG PRODUCING FOOD** known. It can be raised much **CHEAPER** than **CORN** and needs no **CARE** or cultivation. Poultrymen plant this Sunflower by the **ACRE**. A **DOLLAR'S** worth of this seed will give you **TEN DOLLAR'S** worth of Poultry feed.

Suitable for **SHRUBBERY** or to **hide** any undesirable place. Packet of seed 10 cts., 3 for 25 cts., Seven for 50 cts. or 15 Packets for \$1.00.

Mammoth Summer Crookneck

This large Summer Crookneck is nearly **DOUBLE** the size of the standard Crookneck. Flesh is of a rich, golden color and of very fine flavor. Although this Squash is of a very large size its flesh is still as tender and fine as the smallest fruits. Market Gardeners cannot go wrong on this Crookneck. Package of seed 10c. Three for 25c.

Selected Vegetable Seeds

All the following seed were grown in the fall of last year by expert seed growers and we absolutely guarantee to Duplicate any order of seeds that do not give satisfaction.

Three Packets for 25 cts.

Any of the above seed 5 packets for 25 Cts.

OUR NEW C. O. D. SERVICE OFFER

No order for less than \$2.00 accepted under this special service offer. At least \$1.00 must accompany all C.O.D. orders.

The prices quoted below and on the following C.O.D. pages are the same as we charge at our local seed store.

Compare with other Seed Catalogs and note the lower prices. All those seed are of the fall crop of 1931 and guaranteed to germinate no lower than 90 per cent.

To facilitate ordering and save you the time and trouble of looking up postal rates, we will add to your order only the cost of the postage stamps on your package.

For Example: If you order \$4.00 worth of seed enclosing advance payment of ONE DOLLAR and postage required is 20c, we will bill you C.O.D. for \$3.20. In this way you will know that you are paying no more than actual cost for transportation.

We will send by Express if we find that it costs less in that way. Hundred pound lots will be sent by freight if ordered early enough in the season.

Order every thing you need for your spring planting and don't overlook our wonderful Lawn Grass Seed.

- Woodruffs Shady Nook Grass Seed**—A mixture that will grow nicely underneath tree or other shady places. One lb. 50c; 5 lb. \$2.25.

Extra Fancy Dwarf White Clover

- For sowing with Lawn Grass Mixtures. Will Retain green appearance throughout the hottest summer. Packet (about one oz.) 10c; ½ lb 46c; 1 lb. 75c.

If you are in need of any Garden Seed not listed on these pages, write to us for prices.

F. H. Woodruff & Son, Milford, Conn., certifies that all seed on this page is part of the crop grown during the season of 1931, is of high germination and true to type as the result of careful selection and roguing. : : :

We absolutely GUARANTEE all the above seed to GERMINATE and be TRUE TO NAME and will replace any seed that has proven contrary to the above. To no other extent do we hold ourselves liable.

The Green's Farms Seed Co., Westport, Conn.

FLOWER SEEDS

We have such a large variety of Flower Seeds that we have not space enough to state their good qualities. A small outlay will give you a garden that will be the envy of your neighbors. Our Japanese seeds, that we import direct, are not listed in most catalogs. If you have not received our BULB Catalog, write us for one.

We wish you luck with your garden.

Would advise ordering as soon as possible after receiving this Catalog.

CHOICE HOUSE PLANTS

A selection of **House Plants** that can readily be grown from seeds, planted in pots or beds. The plants listed here are very expensive and it would be costly to buy them from the hothouse. The varieties selected are very early and are easily grown. A few cents spent in seed will give you a Summer and Winter garden that would cost many dollars if bought as plants. Any three packets will be sent to you for 25c or 7 packets for 50c. Any of these plants can be readily sold to your neighbors for more than you paid for all the seed.

GERANIUM

Lady Washington. It is no longer necessary to buy Geranium plants from the hothouse. You can readily grow this popular variety from the seed. Flowers in large clusters, beautifully marked. **Seeds per packet 10c.**

GERANIUM

CHRYSANTHEMUM

Chrysanthemum

Evening Star. A splendid variety. The growing of Chrysanthemums from seed is a profitable pleasure. This hardy annual is distinct from the Autumn flowering varieties. **Seeds per packet 10c.**

Mixed. A charming plant for the window garden. Flower in great profusion, having gorgeous colors, many of which are mottled or spotted. **Seeds per packet 10c.**

PETUNIA

California Giant. The brilliancy and variety of its colors, combined with the duration of its blooming period, render it invaluable. The flowers are large and the colors embrace every conceivable shade. **Seeds per packet 10c.**

Petunia

ASPARAGUS VINE

Sprengeri. The well-known Asparagus Vine may be grown from seeds very easily. Its decorative drooping fronds make it a much-desired pot plant. **Seeds per packet 10c.**

FUCHSIA

Black Beauty. This is without doubt the finest Fuchsia for the home gardener to grow from seeds. We have seen specimen plants six feet in height and loaded with buds and blossoms of a beautiful waxy carmine or pink color. **Seeds per packet 10c.**

FUCHSIA

CARNATION

CARNATION

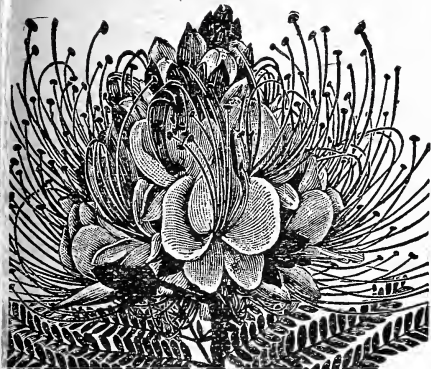

Chaubaud. A mixed variety. Carnation or Picotee Pinks are a general favorite for their delicious fragrance and richness of color. Easily grown from seeds. **Packets of seeds 10c.**

LANTANA

A most desirable bedding plant constantly in bloom. Verbena-like heads of orange, white, rose and other colors. **Seeds per packet 10c.**

LANTANA

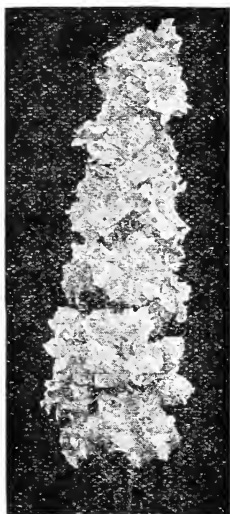

Bird of Paradise

(Poinciana Gilliesii.) The color of the flower is a rich golden yellow, it measures $2\frac{1}{4}$ inches across, and is produced in very large trusses. The most beautiful part of the flower is the long incurved stamens and pistils which are spread out in fan-like form and are of bright crimson color. The foliage is also highly decorative. It should be grown as a house plant, except in the warmer parts of the South, where it is hardy. If the seeds are started early it will produce blooms in great profusion the first year. Pkt. 10c; 3 pkts. 25c.

DOUBLE LARKSPUR

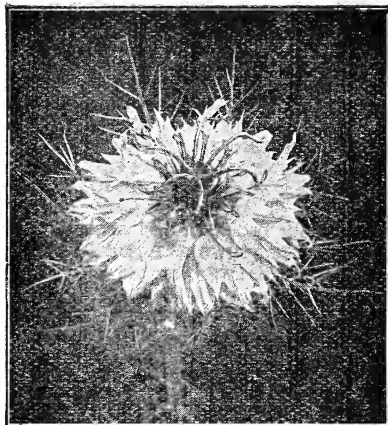

The Larkspur (Delphinium) is among the best known garden flowers, and in recent years a vast improvement has been effected by careful selection in size and color of the blossoms and the general habit of the plant. Seeds sown in the open ground in the spring will produce flowering plants before July and give a continuous succession of flowers from then until frost, a record that is not surpassed by any other annual. They make handsome beds and their free, graceful habit and bright colors are very effective when interspersed in the flower or shrubby border. They keep well when cut and a vase of one or mixed colors is indeed charming. One packet of mixed seed 10c. Three for 25c.

Japanese Evening Glory

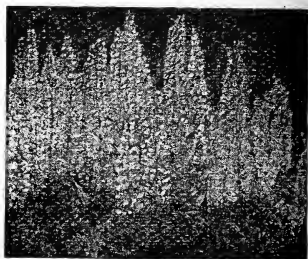

The flowers open about SUNSET and close the next MORNING. This Vine attains a height of from 60 to 75 feet and is covered with large lush green heart-shaped leaves and will be studded from July until frost with IMMENSE SAUCER SHAPED FLOWERS 7 to 8 inches across and as glistening white as disks of WHITE SATIN. The entrancingly beautiful effect amazes all who see them. Packet of seed 10c. 3 for 25c.

DEVIL IN A BUSH (Nigella)

A pretty, interesting and easily grown Annual. This beautiful Unique and little known plant makes a showy bed or attractive border. Mixes well with other blue or pink flowers. The delicate Blue and White flowers surrounded by a feathery mass of foliage suggest "Love in a Mist" and the Red crown shaped horn tipped seed pods suggest "Devil in a Bush." 12 to 15 inches high. Easily grown in any garden soil. Packet 10c. Three for 25c.

Lupinas

A Free-flowering, easily grown annual with long graceful spikes of rich blue, rose and white pea shaped flowers. Valuable for mixed borders, bed or cutting. Prefer a little shade. Should be in every garden. Packet 10c. Three for 25c.

Giant Zanzibar Palm

This wonderful Plant will grow as high as 14 feet. The enormous beautiful lobed leaves measure from 2½ to nearly 4 feet across. A Pyramid of foliage. Will attain this height in from 4 to 6 weeks.

We will absolutely guarantee seed to grow anywhere, either in Pot or outside. A Rare and Showy Plant for the house or lawn. Packet of seed 10c; 3 for 25c, by mail.

California Poppy

A brilliant and beautiful annual with finely cut blue-green foliage, and glossy flowers of satin like texture. A very desirable annual for beds and borders and for cut flowers. Seed should be sown where the plants are to remain as they do not stand replanting. Require practically no care and in any sunny position will bloom profusely over a long season. A choice mixture of all colors. Packet 10c. Three for 25c.

For prices on all Vegetable seed in pound or ounce lots, turn to C.O.D. Offer on other pages. Compare the prices with other Seed Houses. Order EVERYTHING you need for your Garden at one time and save mailing charges. All seed Guaranteed to be from the new fall crop of 1931.

CINNAMON VINE

A beautiful sweet smelling vine. Comes from China and will grow anywhere. Thrives in all soils, in sun or shade, wet or dry. No insects or blights. Once planted will grow a lifetime.

Will climb 30 ft. or more in a single season and cover your porch or out-buildings with a mass of vines, covered with pretty heart-shaped leaves and a profusion of dainty, white, sweet scented flowers.

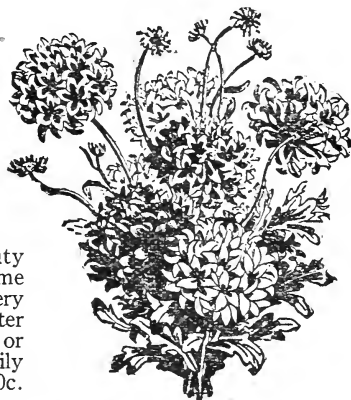

One strong, selected Tuber for 10c, or three for 25c. By mail postpaid.

THE BEAUTIFUL FRAGRANT
CINNAMON VINE
Once Planted Will
Grow a Lifetime.

Everlasting Flower

This wonderful flower is of eternal beauty as it never fades. No two seem to be of the same color. Some double and some single. Every color is represented. Unsurpassed for Winter decoration and when made into bouquets or placed in vases they last for years. Very easily grown and will bloom all summer. Per pkt 10c.

LANTANAS

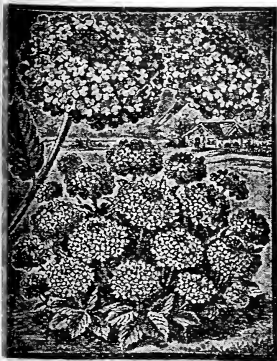

The unexcelled everblooming bedding or border plant; also used as pot plant, in hanging baskets, porch boxes and vases. Almost constant blooming.

MICHAEL SCHMIDT—Brilliant yellow passing to pure vermilion. 25c each 3 for 72c.

AURORA—Clear Pink. 28c each 3 for 80c.

ALBA PERFECTA—Pure white, compact habit, 24c each, 3 for 64c.

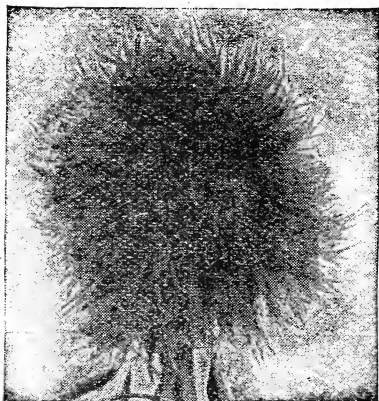

TETHYS—New beautiful lemon yellow. 30c each, 3 for 85c.

COREOPSIS

This is one of the finest Hardy plants with large, showy bright yellow flowers, produced in great abundance from June until frost. As a Cut Flower they stand at the head of the perennials, having long stems and lasting in good condition, a week or more. Packet seeds 10c. Three for 25c.

Brilliant Chinese Wool Flower

Chinese Wool Flower

**Rich and Showy — Grows Easily
From Seed**

The Chinese Woolflower—Plants grow to three feet high, the bloom starting early with a central head, round and globular, which often reaches the immense size of **two feet** in circumference. Scores of branches are thrown out, each bearing a ball of **scarlet-wool**. All of these branches support numerous laterals with small heads of bloom mixed with fresh green foliage, so that a plant looks like an **immense bouquet** splendidly arranged and set in the ground. None of the blooms fade in any way until hit by frost; but all continue to expand and glow with a deepening richness of color, a dark crimson-scarlet. **Dwarf Plumost Mixed.** Pkt. 15c.

True Irish Shamrock

A Novelty for Your Garden

This is the **National Emblem of Ireland**. This popular **TREFOIL** is easily raised from seed and will grow in practically any soil. The seed we offer is **imported** by us directly from Ireland and we guarantee it to be the real **shamrock**. Nothing will be appreciated more by your friends on St. Patrick's Day than a gift of real shamrock. Pkt., 10c.

SHAMROCK

WILD FLOWER COLLECTION

Each package contains about 100 varieties of hardy flower seeds mixed together, and wherever planted will insure something new almost every day. Is suitable for sowing in shrubbery, and in beds on which no care will be bestowed, or even for sowing in exposed situations where wildness is preferred to order and precision. To those who can not bestow the necessary care required in a neatly laid out flower garden, the "Wild Garden" presents a good substitute. This is without question the **Grandest Collection of Beautiful Flowers**. They will produce a perfect cloud of bloom and fragrance from earliest summer until the snows of winter. New beauties and wonders will open up every day. It will be a continual surprise to see the odd and curious-as well as old favorites, constantly appear. You can have bushels of blossoms for bouquets, vases and to give away. **Gorgeous Combinations of Colors.**

25c.

BURNING BUSH (KOCHIA)

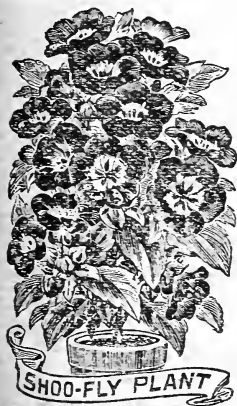

Giant Burning Bush

A Ball of Fire

This beautiful annual bush has rapidly come into prominence. It grows 2 to 2½ feet high and resembles a close clipped ornamental evergreen. The globe-shaped or pyramidal bushes are close and compact, and of a pleasing light green color. The plant may be grown singly or in the form of a hedge or background. In early Autumn the whole bush becomes carmine or blood-red, hence the name of Burning Bush. Flowers small and numerous but not conspicuous. The beauty of the plant is in its shape and color. Pkt., 15c.

CATCH FLY PLANT

It has two plump leaf lobes, set nearly at right angles to each other, like the pages of a book held open, each lobe being fringed at the outer edge by a single row of sharp thorn spikes which interlock like the gates of a prison behind the unfortunate insect which chances to alight upon the surface of the leaf or even to brush lightly against one of the three tiny filaments which project upright of each lobe and which warn the plant of the presence of its live prey. A most wonderful plant which everyone should have to drive away the flies. Pkt., 12c.

Shoo Fly Plant

(H). It is said that flies will not stay in a room where it is grown if they can conveniently escape. What there is about it that repulses them is not clear, as the plants and flowers have no odor. It is a beautiful flowering plant, and blooms in a short time (60 days) from seed. It is a profuse bloomer in pots both summer and winter, the blossoms being large, cup-shaped and of a lovely light blue color with white center. Pkt., 10c.

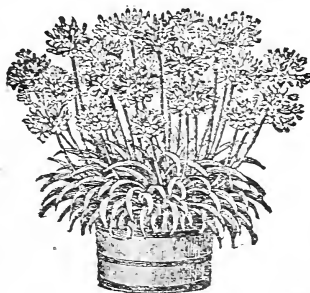

Silene

BLUE LILY OF THE NILE

A splendid ornamental plant with bright

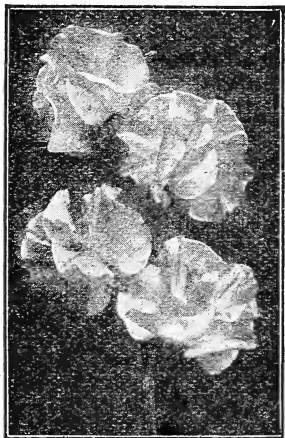

evergreen foliage spreading 3 or 4 feet and surmounted with spikes of bright blue flowers which remain in bloom for a long period. It is a most desirable tub plant for porch or lawn. Should be wintered in the cellar or greenhouse. Pkt., 15c.

FLUFFY RUFFLES SWEET PEA

The first of the ruffled Sweet Peas introduced two years ago. A Great big flower, vigorous and free blooming. The blooms are duplexed and frilled. They are long stemmed, bearing a profusion of well proportioned sprays of four almost globular flowers.

Fluffy Ruffles exhibits a most consistent doubling and ruffling of the petals. TWELVE sprays make a more massive bunch than EIGHTEEN sprays of an ordinary Spencer Sweet Pea.

A lovely rich rose-pink, a gleam of soft salmon, and a bright creamy under-tone blend into a harmonious cream-pink shade of exquisite beauty. It is a flower of superb texture and sweet fragrance. The vines make a sturdy growth and bloom abundantly.

Packet of 10 seed for 10c. Three for 25c. 7 for 50c.

We also list the following SWEET PEAS:
APPLEBLOSSOM. Rose color with primrose.
FLORENCE NIGHTINGALE. A Beautiful Orange Scarlet.

KING EDWARD, VII. A Fiery Red

ROYAL PURPLE. A deep Purple.

PURITY. A clear snowy White.

Any of the above varieties 10c a packet. Three for 25c.

Green's Farms Mixture. A mixture of all the above sweet peas. 10c a packet. Three for 25c.

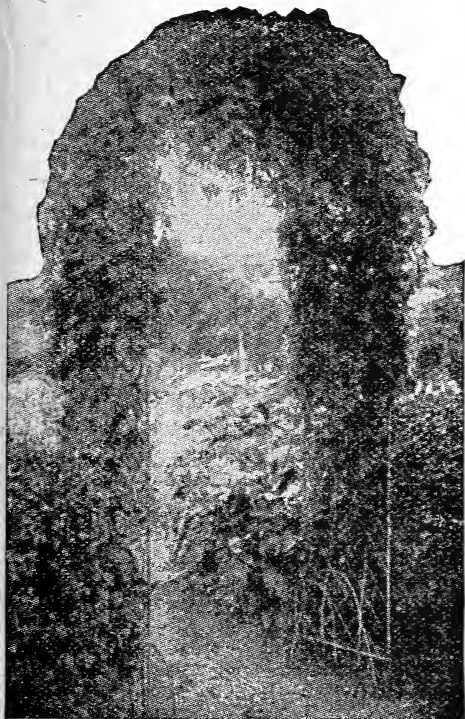

TRITOMA

RED HOT POKER, FLAME FLOWER, or TORCH LILY. The introduction of new continuous flowering Tritoma has given them a prominent place among hardy bedding plants. It is not generally known that they can be easily grown from SEEDS; Flowers the first year. The seed we offer has been saved from one of the finest collections in the country. Has GIGANTIC flower spikes of rich orange-scarlet shading to Salmon rose on the edge. Package of seed 10c. Three for 25c.

Cathedra Bells

(COBAEA) A Rapid Climbing Vine, attaining a height of 30 to 50 feet during the season. Valuable for covering Trellises, Arbors, Trunks of Trees, etc. Will cling to any rough surface. Has large Bell shaped Purple and white flowers and handsome foliage. Plant seeds EDGEWAYS and merely cover with light soil. To get early results plant indoors in March and April and outdoors in May. Grows easily. Packet of seeds 10c. Three for 25c.

The Cardinal Climber

This glorious and absolutely distinct Climber is generally considered the most **BEAUTIFUL** and **BRILLIANT** annual climber ever sent out.

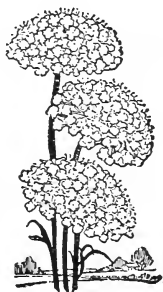

It is a **STRONG** and **RAPID** grower, attaining a height of **THIRTY FEET** or more with a blaze of **cardinal-red flowers** from mid-summer until frost. The Flowers about $\frac{1}{2}$ inches in diameter, are borne in **CLUSTERS** of 5 to 7 each. Like other Ipomoeas, it delights in a warm sunny situation and good soil. Seed may be started indoors in March but it is just as well to wait until the ground is warm and plant out of doors. We cannot recommend this Climber too highly as it is **EASILY** grown from seed. Packet containing 10 seed 10c. Three for 25c.

Queen Anne's Lace Flower

Clusters of delicate Blue or Purple Flowers on a long stem, whose fine textures resemble a Lace Handkerchief. Easily grown and Blooms continually.

A Royal Flower and in olden times was known as Queen Anne's Lace Flower.

Rarely grown on account of Scarcity and High Price of the seed. Our growers report a good crop this year and we can offer you this Rare Seed 1 packet for 10; 3 for 25c, by mail.

POT MARIGOLD (Calendula)

This is one of the **best** and showiest free flowering annuals. Blossoms outside from early summer until killed by frost. Particularly bright in late fall.

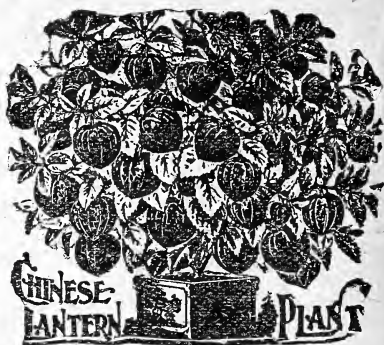

For **Pot Culture**, it gives an air of **Summer** to your home as it blooms freely in Winter and early Spring.

METEOR. Large double flowers, striped orange and cream. **Orange King.** Double, rich orange red variety. **SULPHUR CROWN.** A large double Sulphur Yellow. The above three varieties in a mixed packet for 10c. Three for 25c.

Chinese Lantern Plant

This plant produces white flowers, which are followed by large inflated husks, the shape of Chinese Lanterns, at first a green color; they later change to a bright scarlet. As they hang suspended amongst the green foliage they present a novel and beautiful appearance.

The Lanterns contain a ruby fruit, good either for eating or preserving. Easily grown anywhere. Seeds 10c per package.

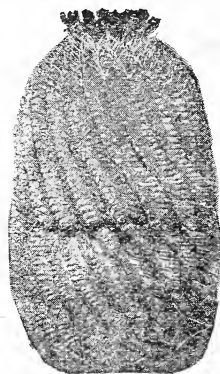

CACTUS COLLECTION

CACTUS SEED. 30 Varieties. Cactus makes very interesting House Plants, extremely odd and curious. Many have gorgeous and beautiful blossoms, sweet scented and bloom profusely. These oddest of all plants grow in many shapes and sizes, are easily grown. Thrive and bloom with very little care and endure the heat and dryness of the living room. Much pleasure may be derived in growing them for seed. Everyone is delighted and surprised at the odd appearance of a Cactus just sprouting. If you desire a fine collection of rare varieties, sow the seed in pots or boxes in a warm room in moist sand and the seed will grow quickly. Our fresh seed contains **THIRTY** different varieties. Packet of this rare seed 10c. Three for 25c.

MUSK PLANT

The leaves of this plant are strongly scented with MUSK. One plant delicately scenting up a room. It has tiny yellow flowers and is easily grown. Seeds per packet 10c.

Fish Hook or Candy Cactus

One of the strangest plant curiosities we have ever offered. Covered with hook-like spikes which are exactly the shape of fish hooks and from $2\frac{1}{2}$ to 3 in. in length. The hooks are very hard, almost as strong as steel, and as sharp as the finest **FISH HOOKS**.

Used by the Indians of the southwest for many centuries as fish hooks.

The famous **CACTUS CANDY** is also made from this plant. This cactus is easily grown from seed. Cultural directions and recipe for making Cactus Candy with each package of seed. Packet 10c. Three for 25c.

Jap Rose Bushes

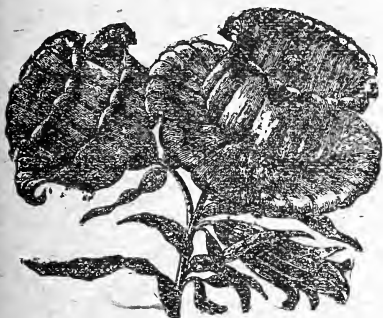

6 ROSE BUSHES FOR 10 CTS

This is the wonderful Polyanthus Rose from Japan. Fresh seed, imported this spring. Many **BLOOM IN SIX WEEKS FROM SEED.**

Plant in a pot the first season and next spring transplant in the ground where they will grow faster than a Rambler and bear **HUNDREDS** of small but very sweet scented Roses. If kept trimmed down it makes a beautiful pot Rose for the house. Very hardy. Grows anywhere. Packet of 6 **SEEDS** for 10c. 3 pkts for 25c.

Striped French Marigold

This is a new variety and exceedingly rare—the colors and markings are something beautiful, being striped and spotted. These make a handsome house plant and make grand cut flowers for bouquets and will not fade after being cut. 306—Package of seed 10c. 3 for 25c.

Cup and Saucer Plant

CANTERBURY BELLS. Beautiful wide-spread flowers resembling a Cup and Saucer.

All colors. Most easily grown, one of our best novelties. Seeds 10c per package.

SENSITIVE PLANT

A most wonderful plant, with fern like leaves. Touch it with the fingers and the leaves will all fold up closely and even the fronds will droop.

Will revive very quickly.

A sensational novelty.

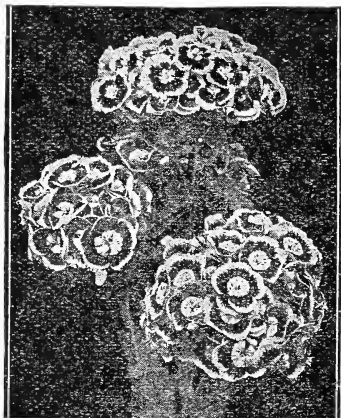

Easily grown in open ground or in pots.

Grows two feet high. Package of seeds 10c.

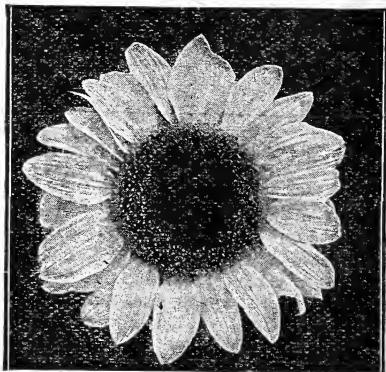

SWEET WILLIAM

A Popular Garden flower, showing a wonderful array of vivid colors in fancy patterns. Flowers are shaped, clustered and colored much like Phlox, the markings however being more sharply defined. Pink, white, scarlet and crimson shades, some with beautiful colored centers. An Annual and will bloom profusely. Packet of seed 10c. Three for 25c.

Blanket Flower (Gaillardia)

As an Annual it is remarkable for its profusion, size and brilliancy of its flowers, continuing in bloom from early summer until November. Excellent for beds, borders or for cutting. A fine range of colors from creamy white to Orange and Crimson, both single and double. They thrive in almost any position or soil and practically take care of themselves. 10c a packet. Three for 25c.

We list below a collection of flower seed which we have selected from the best strain known. All seed fresh and newly packed.

10 Cts. a packet or any five packets for 25 Cts.

- ASTERS. Queen of the Market. (Mixed.)
- AFRICAN DAISY. (Arcotis) A mass of Bloom.
- ANEMONE. (Wind Flower). A Source of real delight.
- SWEET ALYSSUM. "The Border Plant." Mixed.
- AMARANTHUS. The Rainbow Plant. Grows 3 Ft. high.
- CANARY BIRD VINE. Fanciful impression of birds.
- CASTOR OIL PLANT. Biggest plant to grow from seed.
- MORNING GLORY. With Giant Blossoms.
- FOX GLOVE. Stately and old fashioned.
- FORGET ME NOT. Old Fashioned but necessary.
- MIGNONETTE. Of wonderful fragrance.
- NASTURTIUMS. Both Dwarf and Tall. Mention which.
- LOVE IN A MIST. The peep through the foliage.
- PORTULACA. For hot, sunny, sandy places.
- VERBENA. Bloom from June until frost.
- ZINNIA. Grows quickly. Blooms early.
- JOBS TEARS. A handsome Novelty.
- MARIGOLDS. So easily grown.
- PHLOX. You must have some Phlox.
- HOLLYHOCKS. Along the fence.
- SNOW ON THE MOUNTAIN. Snowy white leaves.
- HELIOTROPE. Dainty but powerful fragrance.

10 Cts. a Packet for any of above flower seed or any five packets for 25 Cts.

Four Standard Garden Plants

We have selected a strain of **Dahlia**, **Salvia**, **Pansy** and **Carnation** that will grow quickly from seed planted in the open ground and blossom in profusion the first year.

It is not necessary to buy those plants from a Florist as you can easily grow them yourself from seed.

10 Cts. a Packet for either or all four for 25 Cts.

Garden Carnation

A popular Garden Flower distinguished for their **BRILLIANT**, contrasting variety of **COLORS**. The stripes and spots make the clusters stand out distinctly. Beautiful as **CUT FLOWERS** for vases. Our Mixture contains both **SINGLE** and **DOUBLES** and is the **CREAM** of this family. Unexpected results may be obtained by planting a packet of our wonderful **GARDEN CARNATION**.

Packet of Seed 10 Cts, Three for 25 Cts.

DAHLIA

This **DAHLIA** can be grown from **SEED** and will bloom the **FIRST YEAR**. The seed is very easy to Germinate and if you can grow Morning Glories you can grow this Dahlia. Seed sown as soon as the ground is warm will produce flowering as well as **BULBS**. Out of a packet of (mixed) there will be no two **ALIKE** while every color will be represented from Snow White to **BLACK MAROON**. In the **FALL** you will have dozens of **BULBS** that will be worth considerable money.

Packet of seed 10 Cts. Three for 25 Cts.

SALVIA (Cocine)

The **SALVIA** is a standard **BEDDING** plant that keeps the garden bright with **COLOR** until late autumn. The variety we offer grows to a height of **TWO FEET** and is covered with a **GREAT NUMBER** of spikes of **FIERY SCARLET**. Will grow quickly from **SEED** planted when ground is warm. Plant in **BEDS**, in front of your **PORCH**, along side a fence or anywhere you desire a mass of color. Can be transplanted anywhere. Packet of seed 10 Cts. Three for 25 Cts.

PANSY (Triumph)

Grows from **SEED** and blooms **QUICKLY**. **LARGE** upright plants with a **PROFUSION** of **BLOSSOMS**. A hardy strain that will bloom until frost.

Blossoms are of all colors and noted for their **RICH VELVETY** effects. Packet of seed, 10c. Three for 25c.

SUMMER FLOWERING BULBS

All the following list of **BULBS** may be set out this spring and bloom during the summer.

Caladiums (Fancy Leaved)

No other summer foliage plant equals this **Caladium** in rich and gorgeous coloring. For window boxes, the porch or outside Bedding. Bulbs 30c each. 12 for \$3.00.

Caladiums. (Elephants Ear). Very effective for beds, borders or planting on the lawn. **Rich Green Leaves** which often measures 3 to 4 ft. long and 2½ ft. wide.

Plant outdoors latter part of May. Bulbs 20c each. \$2.00 per dozen.

Golden Rayed Lily of Japan

LILIUM AURATUM. The flowers of this wonderful **Hardy Lily** are pure **White**, thickly studded with **Crimson Spots**, while through the center of each **Petal** runs a clear **golden band**. Fully expanded, the flowers measure nearly a **FOOT ACROSS**. Produce abundantly from July to Sept. and possess a most delicious fragrance. Grow 3 to 5 ft. high. One strong **BULB** for 35c. \$3.50 per dozen.

SUMMER HYACINTHS

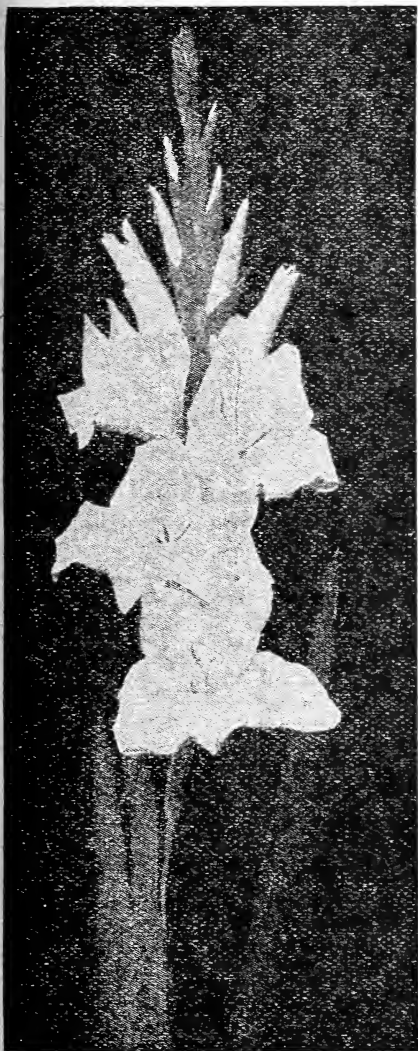

Luxuriant, free growing summer flowering plant. Spreads two to three feet, throwing up great, tall spikes, 4 to 5 ft. in height, each bearing twenty to thirty large, white bell shaped flowers. Wonderful for either **Pots** or the **Garden**. Choice **BULB** for 15c. Four for 50c.

TUBEROSES

One of the most delightfully fragrant and beautiful of the summer flowering **BULBS**. By planting in succession flowers may be obtained the year around. Plant inside in Feb. or March and outside in May.

DOUBLE PEARL. Pure white double flowering **Tuberose**. Very fragrant and the best known. Bulbs 10c. \$1.00 per dozen.

SELECT GLADIOLUS

The interest developed in **Gladiolus** during the past few years has been tremendous, and thousands of bulbs are now planted annually where dozens were used in the past. Their present popularity is sure to continue, as they are without doubt, the most attractive and useful of all summer flowering bulbs, and as a cut flower through the Summer and Autumn months hold a place that cannot be taken by any other flower.

Wonderful improvements are being made each year in the size and color of these flowers, and our list comprises only the best both in quality and beauty.

Six Superb Named Gladiolus

ANND EBERIUS. A rich, warm rhodamine **PURPLE** with dark **Bordeaux** center. Large flowers on strong stems. 10c ea. \$1.00 Doz. \$7.00 per 100.

GRETCHEN ZANG. A lovely tone of soft **Pink** with scarlet markings on the lower petals. 10c ea. \$1.00 Per Doz., or \$6.50 Per 100.

The Green's Farms Seed Co., : Westport, Conn.

EVERBLOOMING ROSE BUSHES

A few rose bushes are almost a necessity in every garden. The following **Everblooming** Roses will all run true to name and are considered the pick of the different varieties.

Will blossom from early **spring** until **frost**. Even our **one year** old bushes will bloom the first year. Postpaid to your home for the prices mentioned.

ANNIE LAURIE—A marvelous variety producing beautiful light rose blooms shading yellow. A first-class variety. 1-yr. 25c, 3 for 72c; 2-yr. 75c, 3 for \$2.14.

MRS. CHAS. RUSSELL—Buds long and pointed, produced on long stiff stems. Each with a bloom of a beautiful shade of rosy pink. An excellent variety. 1-yr. 35c, 3 for \$1.00; 2-yr. 85c, 3 for \$2.42.

EDEL—Pure white with faintest ivory shading at base. Flowers large and double. A very free bloomer. Delightfully fragrant. 1-yr. 25c, 3 for 72c; 2-yr. 75c, 3 for \$2.14.

RED COLUMBIA—One of the freest bloomers in existence. A beautiful scarlet-crimson of exquisite shade. Semi-double with beautiful foliage. 1-yr. 30c, 3 for 85c; 2-yr. 80c, 3 for \$2.28.

PREMIER—A new variety. Ever-bloomer with stiff stems almost free from thorns. Flowers large broad petaled, glorious rose-pink. Foliage large, dark green. Deliciously fragrant. 1-yr. 35c, 3 for \$1.00; 2-yr. 85c, 3 for \$2.42.

SUNBURST—A yellow rose of exceptional attraction and merit. Highly colored, richly fragrant, flowers large, perfectly formed. Indescribably beautiful. 1-yr. 35c, 3 for \$1.00; 2-yr. 85c, 3 for \$2.42.

MME. BUTTERFLY—In color, a harmony of bright pink, apricot and gold. Unsurpassed by any existing variety. Flowers very double, of an exquisite shade of apricot shaded gold. 1-yr. 25c, 3 for 72c; 2-yr. 75c, 3 for \$2.14.

ELDORADO—A free flowering variety producing beautiful long orange-yellow buds of perfect form, more or less streaked with crimson. Magnificent. 1-yr. 30c, 3 for 85c; 2-yr. 80c, 3 for \$2.28.

BEAUTIFUL FERNS

FERNS are perhaps the most welcome house plant. We quote here, a few that will be sure to satisfy. We guarantee that each plant will arrive in good condition.

ROOSEVELT—Dense, massive fronds; erect in growth. Exceedingly graceful in appearance. 34c, 75c, and

COMPACTA—The Ostrich Plume Fern. Fronds often over eight inches wide. 38c, 75c and \$1.00 each.

BOSTON—Long drooping fronds. A fern that looks well anywhere. 26c, 50c, 75c and \$1.00 each.

BULBS

From Selected Seed

The following list of Bulbs can be easily grown and are some of the Rarest and Finest known. We are trying to encourage the growing of Bulbs in this country, as many kinds, formerly imported freely, are forbidden entry by the Federal Plant Quarantine. It must be understood that while seed of a large part of the varieties offered germinates readily, that of other sorts comes much more slowly. However, it is entirely practical to grow from seeds in either an experimental or commercial way, all of the varieties and species here offered.

AMARYLLIS or Jacobean Lily—A most effective flower for pot growing, garden use or cutting. It is the only Amayllis that blooms freely in the open ground in the North. Enormous fantastically shaped flowers of brilliant glowing Crimson. 10 Seed pkt. for 15c. Two for 25c.

MARIPOSA LILY or Butterfly Tulip—Flowers five to six inches across with beautiful colorings and markings. Hardy and easily grown. Packet 15c. Two for 25c.

CANNA. Bronze Leaved Selection—Seed saved only from sorts with bronze or purple leaves. Seedlings will not all come true but will show a large proportion of these colorings. Pkt. 10c.

NARCISSUS or Daffodil—Seed saved from the very finest and largest named sorts. New Narcissus varieties of highest qualities should come from those seeds. Packet 15c. Two for 25c.

FREESIA. (Refracta Alba). Creamy to Pure White, with deep yellow spot on lower flower petal. Pkt. 10c. Three for 25c.

GLADIOLUS. (Primulinus Hybrids). Gladiolus grow easily from seed, sometimes blooming the first season and almost certain the next. This strain includes rare shades of saffron, copper, primrose, apricot, salmon and pink. Generous pkt. 10c. Three for 25c.

HYACINTHUS. Candicans—Known as the summer Hyacinth. Great four foot spires laden with creamy white pendant bells. Seeds germinate quickly and even one year old bulbs will give bloom. Packet 10c. Three for 25c.

IRIS—The Iris family gives us some of our most interesting and showy flowers for outside bloom and are all of easy culture. Growing Iris from seed is not only a practicable method for commercial propagation, but also the simplest way for the amateur to build up his stock. We list **IRIS Aurea** from the Himalayas. Large deep golden yellow. 5 Seed 15c. **IRIS Ochroleuca**, the Gold banded Iris. 5 Seed 10c. **IRIS Pseudacorus.** The Water Iris. Plant this in quantity to naturalize in damp places and marsh edges, where it will thrive luxuriantly. Generous packet 10c. Three for 25c.

PEONY. Chinese Double—From best American and European collections. There should be some real treasures here. All colors. 5 Seed for 15c. 10 Seed for 25c.

LILIES from our selected seed—We have the greatest collection of Lilies ever shown. Space allows us to describe but a few. If interested in other varieties, write for information.

LILIUM REGALE—One of the best of Hardy Lilies. 3 to 4 feet in height. Will grow anywhere. For rock gardens or the back of your home. Scatter seed anywhere and they will bloom in two years or sooner. Great trumpets of snowy white with golden throat and rosy pink stripes. Generous packet 10c. Three for 25c.

Lilium Auratum. The Gold Banded Lily of Japan—10 Seed 15c.

Lilium Cernum. The Lilac Lily—From Korean Mountains. 10 Seed 15c.

LILIUM Croceum. The Orange Lily of Europe—10 Seed 15c.

LILIUM Concolor. The Red Star Lily—Absolutely Hardy. Dwarf and fits well in Rock Gardens. 10 Seed 15c.

LILIUM Longiflorum. The Easter Lily—Will bloom in less than a year from seed. 10 Seed 15c.

LILIUM Tenuifolium. The Coral Lily—A native of Siberia but will grow anywhere. 10 Seed 15c.

Write us for other strange and curious seed. Water Lilies, Rose Bush Seed. Seed for growing Evergreens, Cactus, Vines, etc.

Glorious Gardens--Perfect House Plants

CONCENTRATED ODORLESS ECONOMICAL
EASY TO APPLY

The Magic Fertilizer in Tablet Form

Make your flowers and vegetables grow faster. Make their growth stronger and more luxuriant. Keep lawns fresh and green.

STIM-U-PLANT

PLANT STIMULANT-TABLET

STIM-U-PLANT is the only complete plant-food in tablet form. The three mineral nutrients most heavily drawn from the soil by growing plants (flower and vegetable) are nitrogen, phosphoric acid, and potash. Because of this fact, STIM-U-PLANT tablets are made up of these three in a balanced ration of 11 per cent Nitrogen, 12 per cent Phosphoric Acid, 15 per cent Potash—all of which elements are water-soluble and immediately available to the feeding root-hairs of the plant.

Tablet Form Fertilizer

1. Gives an EXACT FEEDING UNIT—no guesswork.
2. Provides for ABSOLUTE CONTROL of feeding, eliminating the danger of over-feeding.
3. No MESSY MIXING.
4. No unpleasant ODOR.
5. Is EASIEST to APPLY.
6. Insures MAXIMUM EFFICIENCY because the plant gets all the food-value—none being lost through scattering where not available to the plant, leaching, and run-off of surface soil-water.

Trial size	\$0 10
Small size, 30 tablets	25
Medium size, 100 tablets	75
Large size (pail), 1,000 tablets (enough for season's supply for medium-sized garden	3 50

Because of its ready solubility, STIM-U-PLANT can easily be used as a liquid manure, by dissolving the tablets in water at the rate of four to the gallon.

BURBANK'S

NEW Sweet Corn

We are pleased to announce that with the aid of one of the large seed growers in this country, we are introducing this year the new **BURBANK WORLD'S WONDER Sweet Corn.**

Mr. Luther Burbank experimented **18 years** in order to produce this **King of all Sweet Corns.**

By taking Golden Bantam as a base and by **selection** and **re-pollinization**, he has produced a corn **yellow** in color with **12 rows of fat, deep, sweet yellow kernels**, (instead of the 8 of Golden Bantam) of a **delicious flavor** and, astonishing as this may seem, ripens and is ready for the market

13 DAYS EARLIER

than Golden Bantam.

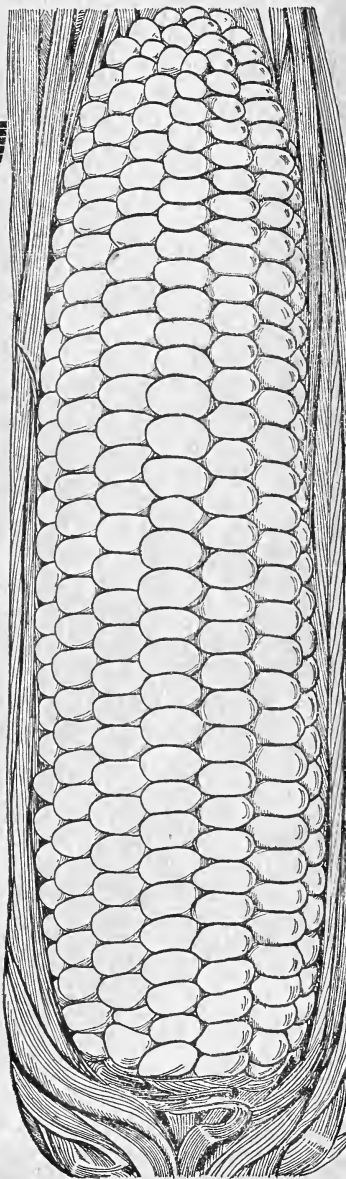

Think of your own **pleasure** to show this corn away ahead of your neighbor.

The **Size**—the beautiful **Color**—the delicious **Flavor**—and above all, the fact of it being nearly two weeks **earlier** than other corns, makes **BURBANK'S WORLD'S WONDER** Sweet Corn a **sensation** in the garden world for 1934.

We hope to have enough corn to supply our customers this season, but cannot supply in pound lots. We suggest that you order **NOW**.

One packet 15c, 2 for 25c, 5 packets, 50c or 12 packets for \$1.00 by mail postpaid. Send check, money order, cash or postage stamps.

**THE GREENS FARMS
SEED CO., Inc.
WESTPORT, CONN.**

As distributor of Luther Burbank Flower and Vegetable Seeds we recommend you look over this special page which describes the finest of Mr. Burbank's creation.

BURBANK'S ICELAND CUCUMBER. Ivory-white oval fruits with pale green markings. Crisp, delicious flesh of choice flavor. Hardy, and a most prolific bearer. Of medium size, just right for slicing. A lemon-cucumber cross. Packet 15c. 2 packets 25c. 5 packets for 50c.

BURBANK "GOLDEN TREASURE" CANTALOUPE. What a Melon! Football shape. Thick orange-yellow flesh of spicy sweetness. Melon slips off when ripe. Mr. Burbank's experimenting with this melon was to increase its flavor and What a flavor. Packet 15c. 2 Packets 25c. 5 for 50c.

BURBANK RAINBOW CHARD. Mr. Burbank's cross between Improved Swiss Chard and Sweet Table Beet. Large, crimped and pitted leaves with stalks in white, pink, green, scarlet, crimson, orange, and yellow. Produces a continuous supply of healthful, succulent food. Packets 15c. 2 packets 25c. 5 packets for 50c.

BURBANK SORCHUM POP CORN. Well-filled, medium to large ears. Large, pure white, easily popped grains. Hulless, which makes it the most tender popcorn known. Packet 15c. 2 packets 25c. 5 packets for 50c.

BURBANK NEW TOMATO. This tomato is more fully described in other pages of our catalogue. It is the earliest of earlies—seven to ten days ahead of others. Smooth, thick, solid, heavy, meaty medium to large, bright crimson Tomatoes. Packet 10c. 3 for 25c and 7 for 50c.

FLOWER SEED

BURBANK'S FEATHERED CELOSIA. (Plumed Knight) You will rave about the **amazing beauty** and graceful forms represented in this Burbank selection. Contains wondrous shades of rich yellow orange, copper, bronze, maroon, etc. The plants grow **5 feet tall**. The different forms of the large, showy flower-heads are most interesting and beautiful. They give a splendid garden display and are fine for cutting. Packet 15c. 2 packets 25c.

BURBANK ROSY MORN PETUNIA. Lovely bright pink bloom with a white throat. Exceptionally free flowering, from midsummer until late fall. Packet 15c. 2 packets for 25c.

BURBANK VELVET-BLUE PETUNIA. A luminous brilliant deep blue—a **clearer** and **truer violet-blue** than ever before achieved in Petunias. Fragrant. Packet 15c. 2 packets for 25c.

BURBANK PHLOX DRUMMONDII. Pastel-Colored Mixed. A special mixture including only plants with **extra-large**, well-rounded blooms arranged in compact, massive flower-trusses. The colors are all lovely **pastel shades** which will give a striking display in the garden. Packet 15c. 2 packets for 25c.

BURBANK GIANT ZINNIA. Pastel-Colored Mixed. Coral, apricot, wine, pale yellow, bronze, ivory, flesh, pomegranate, peach, orange-gold, burnt sienna, old rose, and many other distinctly beautiful but unusual shades. Very large, long-stemmed blooms. Packet 15c and 2 for 25c.

All Fresh, New Seed of the Fall crop of 1933, and should make you a wonderful 1934 Garden.

The Greens Farms Seed Co., Inc., Westport, Conn.

CENTRAL PARK LAWN GRASS

This Central Park Mixture of Lawn grass is put up for us by Nungesser and Dickinson who for 54 years have been selling grass seeds and mixtures to the trade. Lawn trouble will be ended if you sow our **Central Park Mixture**. If you want a **beautiful LAWN** that will at all times be **green and velvety**, **DON'T WASTE** time and money sowing **cheap grass seed**. Central Park Mixture is composed of the **finest** varieties of grasses, each of which has its season of **beauty**, with the result that a sod is produced that is always **GREEN**. It will produce a **rich and enduring turf** in the shortest possible **time** without the use of cheap "quick growing" grasses. This Mixture is also the most **ECONOMICAL** as it is free from **CHAFF** and therefore will go **farther**. One pound will sow 250 square feet.

Prices: One Pint 25c. One Quart 45c. 5 Quart Carton or Bag \$2.00 by mail Postpaid. 100 lb. Bag by Express F.O.B. Westport for \$35.00.

Shady Nook Mixture

On nearly every Lawn there are **unsightly spots** caused by the fact that ordinary varieties of grasses **do not grow well in the shade**. Our Shady Nook Mixture is made up of the most **expensive grasses** which grow **readily in the shade**.

Prices: One Pint 30c. One Quart 50c. 5 lb. Bag \$2.25.

White Clover for Lawns

We have an **Extra Fancy Dwarf White Clover** that is especially **fine** for sowing with Lawn Grass Mixtures. This variety will retain its **green appearance** throughout the hottest summer, and forms a close herbage which blends with other grasses. We recommend **ONE OUNCE** of White Clover with each pound of Grass Mixture. Packet (about one oz.) 10c. $\frac{1}{4}$ lb. for 25c. $\frac{1}{2}$ lb. 45c or 1 lb. for 80c postpaid.

The Green's Farms Seed Co., Westport, Conn.

DARLINGTONIA

Snake Headed, Flesh Eating Plant

One of the **queerest** and most **fascinating** plants known to man. It resembles the hooded **cobra** of the jungles of India, and is one of the few **carnivorous** plants known to science.

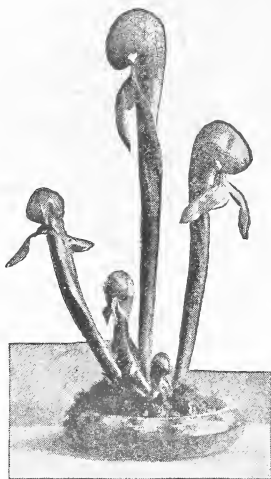

The plant has no leaves, the stalks are twisted and funnel shape, small at the bottom, growing larger with a rounded **hood** at the top from which hang two **crimson** and **green** appendages which have the appearance of feelers or **whiskers**, is of striking aspect and **beautiful** in coloring.

The top of the hood is beautifully **mot-tled** by white translucent areas through which the interior is **lighted**. Both hood and appendages bear many **honey** glands, the excretion from which tempts **bugs**, **ants**, **flies**, in fact all kinds of insects toward the mouth, an orifice on the under side of the hood, and are lured inside the funnel-like stem from which they can not **come back**, as the stem is lined with innumerable little hair-like prongs all pointing downward, and once they get below a few of these points they have to continue on downward where the victim is **absorbed** in the **digestive** fluid or liquid in the bottom of the stem.

The *Darlingtonia* is a perennial plant, growing **year after year** and can be grown as a **house plant** in pots using sandy soil and leaf mould. They do best outside in a shaded position, where they require very little care, but should never be allowed to become dry. They blossom in the spring, having a **beautiful purple flower**.

If kept in a room free from all insects, it is advisable once or twice weekly to place a few small particles of **raw beef**, about the size of a grain of wheat, in the orifice for its nourishment; however, if placed where there are other plants, in the average room, a sufficient number of insects will be attracted from them, making artificial feeding unnecessary.

Plants shipped prepaid, anywhere in the United States, at \$1.00 each; 3 for \$2.50.

The Green's Farms Seed Co., Westport, Conn.
